ORIENTATION DAY

Date: 04-09-2023

The grand orientation event was held on campus for B.Tech first-year and Polytechnic Diploma students in the family of KLMCEW. Students and faculty equally brought colour to the KLM environment through their apparel. At the beginning of the event, an obituary hymn was prayed, followed by a moment of silence in memory of Sri KSNR Garu, the founder of the Kandula Group of Institutions. After distinguished members of the congregation ignited a lamp and laid floral tributes at the portrait of Sri KSNR Garu, the event began with the applause of the novice students by Dr. M.V. Rathnamma Garu, Principal, KLMCEW, for choosing the institution and exhorting them to perform well academically.

Furthermore, Dr. K. Chandra Obul Reddy, Managing Director of KGI, advised students to make the most of the campus resources. Dr. Reddy emphasized that his institutions are dedicated to meeting the educational needs of students in Rayalaseema and that the primary goal of his institutions is to assist those who are economically deprived in meeting their educational needs, as he aims to serve the poor rather than profit from the college in order to carry on his father's legacy of establishing local institutions. On the occasion, Dr. Reddy announced publicly that the student with the highest KGCET-2K23 score would get a free seat and hostel if required until the completion of the course.

In continuation of the above dignitaries, the correspondent, Smt. K. Rajeswari, discussed the importance of maintaining discipline on campus and in dorms. She condemned misconduct in all its forms and advised B.Tech. students to treat their polytechnic peers as sisters and act toward them with respect.

Finally, Ms. Sai Harshitha, an alumna of KLMCEW who is now a Deputy Collector (trainee), addressed the students as an invited guest and advised them to set goals and work hard to achieve them. She highlights the first step of embracing these goals, then conducting analysis, and finally taking action. She was delighted to recall all of her memories associated with her time at college as an alumna.

The event was a grand success with the speeches of various heads of the department, and with a stunning classical performance, Ms. Hemakshi, a sophomore studying computer science and engineering, closed the event. Finally, the event was successfully concluded by Ms. Amreen with a vote of thanks.

Teachers Day

Date: 05-09-2023

On the occasion of the birth anniversary of Sri Sarvepalli Radhakrishnan, former President of India, KLMCEW celebrated Teachers' Day. In his loving memory, Principal garlanded the deceased soul's image and gave flower tributes.

Ms. D. Pavani, a faculty member of the MBA department, delivered a speech at the event in which she exhibited her respect for the late Smt. Savithri Bai Phule. Phule, as the first female teacher, was an inspiration to Pavani. Despite marrying at an early age, Phule worked tirelessly for women's rights throughout the pre-independence period. Phule was instrumental in raising public awareness of the need for education.

Further, Mr. Iliyas Ali emphasized the need for faculty to incorporate the role of facilitators in modern education in his speech. He emphasized the use of cutting-edge technology to improve the learning experience in the classroom. According to him, the age of confining education to the use of chalk and a chalkboard is over. All the heads of the department, faculty members, and students took active participation in the Teachers Day event.

Induction Programme

Dr. R. Venkata Ramudu, a faculty member from the Department of Psychiatry at RIMS Kadapa, gave a motivational lecture on the second day of KLMCEW's induction ceremony for first-year B.Tech students on September 8, 2023.

Dr. R. Venkata Ramudu, a renowned psychiatrist, offered a captivating lecture to freshmen, aiming to cultivate the notion of growing subsequent ideas through harmonious collaboration. He suggested how to assist fellow students in acclimating to their unfamiliar classrooms. He proposed that the students be given the autonomy to experiment with new concepts within the boundaries of the classroom. In order to mitigate competition and inspire individuals to strive for excellence, it is essential to foster an environment that encourages collaboration and ambition. The speaker has placed significant emphasis on strategies for managing stress and navigating away from thoughts of hopelessness or suicide. The level of participation shown by first-year B.Tech. and diploma students was substantial.

Motivational Speech

07.09.2023

On September 7, 2023, Mr. B. Subramanyam, the designated resource person for the induction program of the 1st B.Tech. 2023–24 batch, presented an inspirational address. The program titled "Student Motivation" was organized by the department of humanities and sciences with the aim of fostering student development. The event took place on September 7th, from 11:00 a.m. to 1:00 p.m., in the College Auditorium Hall.

The speaker, who embraces the role of a positive influence for young people, shared compelling personal experiences and urged the audience to discover methods of self-motivation. The individual underscored the significance of maintaining a positive perspective on life as a strategy for enhancing one's overall well-being and attaining higher levels of success. The program's focus on cultivating a positive mindset and fostering self-motivation was advantageous for the students.

Establishment - Examination Section & Office Shifting

The esteemed correspondent of Kandula Group of Institutions, Smt. K. Rajeswari, and the principal, Dr. M.V. Ranthnamma, inaugurated the relocation of the examination section and office of KLMCEW Kadapa to a larger and more spacious room. This move is crucial, as the effectiveness of any educational institution is greatly influenced by the efficiency of its examination section and its management system.

The primary aim of relocating the examination department is to facilitate an efficient process for teachers and students as the college strategically prepares and organizes examinations in a secure environment, manages fee collection, announces results, and distributes certificates to successful candidates.

In proceedings of the event, a pooja ceremony has been arranged. The event was attended by Principal Dr. M.V. Rathnamma, Mr. Farooq Hussain, and Naveen Sai from the Exam branch, as well as the Heads of Departments, staff members, office workers, and non-teaching personnel who have provided sweets to all the staff members.

ENGINEERS DAY

Date: 15.09.2023

The KLMCEW institution commemorated Engineer's Day on September 15, 2017, as a tribute to Dr. M Visvesvarayya, a distinguished figure in India, and to acknowledge the remarkable achievements of our diligent engineers on an annual basis. The primary aim of the event was to foster self-assessment, motivation, proficient communication, and the development of teamwork skills among students.

The Principal of KLMCEW, Dr. M.V. Rathnamma, delivered a speech to the students, advising them to consider Dr. M Visvesvarayya as a source of inspiration. She emphasized the need of self-assurance in pursuing their goals and emphasized the need to enhance their abilities to meet the ever-evolving demands of the global industrial landscape. Mr. Iliyas Ali, an Assistant Professor of English at KLMCEW, provided encouragement to the students to expand their perspectives and improve their abilities in order to achieve success. He emphasized the need of aspiring to become exceptional engineers, possessing both technical expertise and personal attributes.

During this particular event, the students presented exemplary talks focusing on the job of an engineer and their corresponding societal duties. The Head of the Department of Humanities and Sciences, Mr. V.R. John Devanand, arranged a series of academic events, including a debate, poster presentation, and other competitions, at the individual class level. These activities were followed by a group activity, with the aim of fostering a sense of healthy rivalry among the aspiring engineers. The gathering of topics was facilitated by the active participation of department Heads of Departments (HoDs) and Faculty coordinators.

One Week Workshop on Life Skills

The "One Week Workshop on Life Skills" was organized by APSSDC from September 11–16, 2023. The workshop targeted students enrolled in the fourth-year B.Tech. and master's-level business administration programs at KLMCEW Kadapa. The primary objective of the workshop was to facilitate the enhancement of students' communication skills, which are often regarded as a component of interpersonal competencies, alongside their capacity to engage in effective decision-making and tackle intricate situations.

ANTI RAGGING AWARENESS PROGRAMME

Date: 22-09-2023

Dr. Prabhakar, an attorney affiliated with the district legal services authority, was invited to attend the anti-ragging awareness program as the Chief Guest at KLM Engineering College for Women in Kadapa. During the course of the event, students were provided with comprehensive information on ragging and its detrimental consequences. The individuals received counsel against their involvement in such activities and were cautioned about the severe repercussions, which include potential expulsion from the academic institution and even loss of life. Furthermore, he provided guidance to pupils on the adverse repercussions linked to the practice of ragging. The speaker underscored the importance of cultivating a good mentality and engaging in exemplary conduct toward others.

The speakers sent a message to the youthful audience on the gravity of ragging, which is classified as a criminal offense according to the Indian Penal Code. The focus of the speaker's attention was directed at individuals in their adolescent years. The speaker advised the individuals to prioritize the acquisition of information and maintain the esteemed standing of their alma mater.

The principal, Dr. M. V. Rathanamma, officially started the event. Both staff members and Heads of Departments (HoDs) were present at the event.

One Week Technical Training Programme

From September 22 to September 27, 2023, students enrolled in the fourth-year B.Tech course at KIMCEW Kadapa has undergone the "One Week Technical Training Programme." The purpose of "technical training" was to provide individuals with the opportunity to enhance their abilities in certain areas, notably in the realm of technology, including projects such as the installation, maintenance, support, and operation of relevant applications, products, or services.

Trainers visited the campus to provide students with valuable insights on enhancing self-awareness and motivation to achieve optimal work performance. During the training session, it was emphasized that workers who have access to technical skill training programs are more inclined to achieve their goals. Ensuring that staff has the necessary experience is insufficient; it is essential to provide them with comprehensive training on the specific systems and procedures inside the firm.

Community Service Project

Date: 25.09.2023

The Community Service Project (Phase 1) puts forward an opportunity for KLMCEW College to foster social awareness and accountability among students enrolled in the II B.Tech. (ECE, CSE, and AI&ML) programs, hence presenting the institution as a socially responsible educational institution. This opportunity is available to students studying in the II B.Tech., ECE, CSE, and AI&ML programs. A group of students participated in a community service project in the Kadapa area from the 25th to the 29th of September, 2023. During this time, they traveled to a number of government and semi-government schools, as well as private schools and communities in the region.

As part of their community service assignment, students engage in the sharing of information on higher education possibilities. Initiatives were implemented to promote tree planting campaigns and educate the public on pollution avoidance. The students in our program provided education to their peers regarding their own personal resilience and facilitated the exploration of innovative approaches to address social issues. The students' perspectives changed as a result of increasing their awareness of the difficult realities that exist in society, and they also developed a greater awareness of societal issues, sensitivity, obligation, and liability.

NSS DAY

Dr. M.V. Rathnamma, Prinical, KLMCEW, Kadapa, has inaugurated the event on campus on September 24th, 2023, with the goal of raising students' awareness of their civic duties. A group of volunteers from KLM undertook a visit to the MP upper primary school in close proximity to the college. During their visit, the volunteers engaged in the act of planting around 25 trees, as well as the task of campus cleaning and the removal of collected waste materials. A total of around sixty individuals actively engaged in the event, demonstrating commendable efficacy in the task of maintaining cleanliness inside the premises of the educational institution.

The NSS Coordinator of KLMCEW, Mr. V.R. John Devanand, has developed an awareness campaign that emphasizes the importance of the day and its presence. In India, the 24th of September is commemorated each year as National Service Scheme (NSS) Day. The National Service Scheme was established in 1969, coinciding with the birth centenary year of Mahatma Gandhi. It was implemented at 37 institutions, with the active engagement of 40,000 students. The inclusion of all 50 states and all colleges and institutions in the United States has been achieved.

To commemorate NSS Day, freshmen have engaged in the act of planting saplings and participating in a rally while holding placards, with the aim of enhancing public consciousness.

AWARENESS ON WOMEN EMPOWERMENT CELL

Date: 27.09.2023

The college principal, Dr. M. V. Rathnamma, gave the opening presentation and discussed the importance of the Women's Empowerment Cell. The pivotal role of women in the economy was emphasized, highlighting the significance of empowering women as a key driver for economic progress in both developed and developing countries. In recent times, there has been a growing recognition of the potential economic benefits associated with women's empowerment and their comprehensive advancement in several fields.

The women faculty members of KLMCEW delivered expert presentations on the topic of "Communication in the Workplace" and offered help in effectively navigating the organizational structure of KLMCEW. The speakers addressed the topic of proficient verbal and nonverbal communication within the professional setting, including strategies for effectively transmitting information and ideas between individuals or groups within an organizational context. During the conclusion of the evening session, commendations were bestowed on a female employee of the canteen and a member of the cleaning crew in recognition of their diligent efforts. The first B.Tech. and Diploma students and all women faculty of KLMCEW took active participation in the event held at the college auditorium.

Industrial Visit

Date: 17.09.2023

The students studying in the second year of the Bachelor of Technology program at KLM College of Engineering for Women reportedly went on a one-day trip to Chennai on September 17, 2023. The tour was coordinated collaboratively by the departments of Electrical and Computer Engineering (ECE), Computer Science and Engineering (CSE), and Artificial Intelligence and Machine Learning (AI&ML).

The industrial tour was organized by Dr. M.V. Rathnamma Garu, Principal, KLMCEW, in coordination with the heads of the departments of ECE, CSE, and AI&ML. During the trip, a group of 56 students traveled along with the company of faculty coordinators Dr. T. Lakshmi Narayana, the Head of the Department of Electronics and Communication Engineering; Mr. V.R. John Devanand, the Head of the Department of Humanities and Sciences; and Mr. S. Mallikarjuna Reddy, a senior faculty member. A group of students departed from the college campus at 5:00 a.m. and proceeded to their destination through the KLMCEW college bus. Upon arrival, they engaged in an industrial tour, followed by recreational activities in Queensland. Subsequently, the students returned to their homes in a safe manner.

The students expressed satisfaction with the excursion and applauded the principal and management for their efforts in organizing it for the sake of the students at KLMCEW. The individuals expressed their aspirations for more prospects in the coming years to engage in instructive and pleasurable excursions to diverse industrial visits.

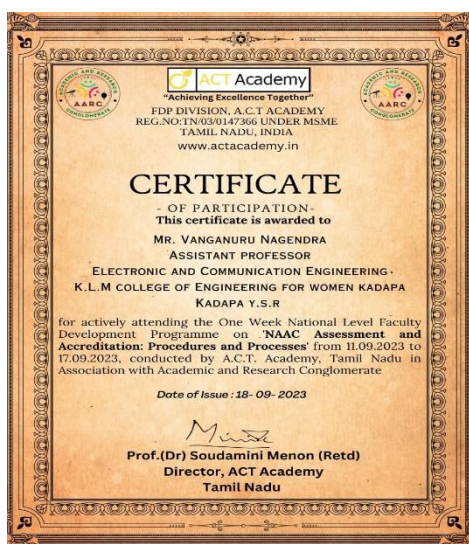

FACULTY ACHIEVEMENT

Received Patent for his invention

Dr. T. Lakshmi Narayana, Associate Professor and HoD, Department of Electronics and Communication Engineering (ECE) received a patent for his invention titled ***“Detection of Leave Diseases at Earlier Stages itself Using Collaborative ML/DL and Artificial Intelligence Methods”*** in September 2023 vide Application Number: 202341056670 by IPR, India.

Faculty Development Programme

Mr. Vanganuru Nagendra, Assistant Professor, Department of Electronics and Communication Engineering (ECE) has actively participated in the One Week National Level Faculty Development Programme on ***“NAAC Assessment and Accreditation: Procedures and Processes”*** from 11.09.2023 to 17.09.2023 organized by ACT Academy, Tamilnadu in Association with Academic and Research Conglomerate.

Faculty Development Programme

Mr. Ilyas Ali Shaik, Assistant Professor, Department of Humanities and Sciences (H&S) has actively participated in 09 days Faculty Development Programme on ***“International Advanced Faculty Development Programme on Mechanics of Manuscript Drafting and Publication Process”*** from 18.09.2023 to 26.09.2023 organized by Eudoxia Research University, USA

Paper Publication

Dr. T. Lakshmi Narayana, Associate Professor and HoD, Department of Electronics and Communication Engineering (ECE) has successfully published a paper in ICTACT Journal on Communication Technology (UGC Care List – I) titled ***“Securing Wireless Communication using Novel Transfer for Encryption in Wireless Networks”*** Vol. 14, Issue3. Pp. 3005-3012, Sep 2023.

GANDHI JAYANTHI CELEBRATIONS

Date: 02-10-2023

The celebration of Gandhi Jayanti, marking the 154th birth anniversary of Mohandas Karamchand Gandhi, also known as the Mahatma, was conducted with the utmost enthusiasm and reverence by the principal, faculty, and students of K.L.M. Engineering College for Women. The event took place at ITI Circle in collaboration with the NSS units of KLM and KSRMCE.

During the Gandhi Jayanti celebrations, students and staff were not only engaged in commemorating the Father of the Nation but were also provided with messages on the significance of cleanliness, nonviolence, and social responsibility.

The respected principals of Kandula Group of Institutions (KSRMCE and KLM) paid floral tribute to Mahatma Gandhi, the famous leader of the Indian freedom struggle, at the Gandhi monument located at ITI Circle. The employees of KLM and KSRMCE reflected on their leader's tireless efforts to lead the liberation movement through various initiatives such as Salt Sathyagraha, Quit India, civil disobedience, and others, all while adhering to the values of truth and nonviolence. Principal Dr. M.V. Rathnamma, HoDs, and other staff members, including teaching and non-teaching staff members, were also present on the occasion.

A Seminar on Financial Educational Awareness Programme

09.10.2023

The Management and Principal, Kandula Lakshumma Memorial Engineering College for Women (KLMCEW), has organized a one-day seminar on financial educational awareness program on October 9, 2023, on its campus for the welfare of faculty and staff members in well-organizing their financial needs in association with 'SEBI Har Investor ki Taqat'.

All the heads of the departments, faculty, and staff took active part in the seminar and clarified their doubts concerning financial investment and various schemes.

A Four Day Workshop on Life Skills

10.10.2023

A four-day workshop on 'Life Skills' was organized for III-year B. Tech students of all branches at the KLMCEW campus from October 10th, 2023, to October 13th, 2023, from 10 a.m. to 4 p.m. in the college conference hall in association with **Rubicon**, a well-reputed organization.

The interactive session commenced with a discussion on the three broad categories of life skills: thinking skills (like self-awareness, problem solving, decision-making, critical thinking, and creative thinking), social skills (like interpersonal relationships, effective communication, and empathy), and emotional skills (like managing emotions and coping with stress). Along with an informative presentation, there were fun activities for teachers to demonstrate life skills and why and how to infuse them in education.

The resource person suggested books and videos too for enhancing life skills teaching. The program successfully inculcated in the teachers the perspective of giving students a humanistic system of education where they not only study the subject matter but also grow into emotionally balanced and empathetic individuals with strong creative as well as critical thinking, a problem-solving attitude, effective communication, and decision-making skills.

FRESHERS' DAY

18.10.2023

The biggest festival for every freshmen student is Freshers' Day. The KLMCEW, Kadapa, marked its day with Freshers' Day celebrations on October 18, 2023, on its campus in the open-air auditorium. Principal S. Raghunatha Reddy, the invited chief guest and distinguished speaker at YVU, delivered a motivating speech urging students to exert diligent effort in order to achieve success. Students were encouraged by Dr. K. Chandra Obul Reddy, the Managing Director of KGI, to fully use their college experience in order to add prestige to the institution, achieve their objectives, and ultimately establish permanent residency in esteemed locales, and promised a centralized AC auditorium for the KLMCEW Campus.

Dr. M. V. Rathnamma Garu, the principal of KLMCEW, Kadapa, expressed gratitude to the students for choosing to pursue their studies at the university. She expressed optimism that the students would discover KLM to be an ideal institution for their academic endeavors. Further, the Chairman of the Kandula Group of Institutions, Sri K. Rajmohan Reddy, expressed his satisfaction at experiencing that several alumni from the Kandula Group had spread around the globe. He further added that many of them have personally approached him to convey their joy at having completed their education at Kandula Group. He encouraged the present students to see these alumni as exemplars.

The first-year students received congratulations from correspondent Smt. K. Rajeswari, who blessed all the students and expressed her good wishes for their whole duration at this educational institution. Subsequently, students who excelled academically were bestowed with rewards. The students were exhilarated as they celebrated their freshers' day with cultural events, and they were unable to restrain their elation.

DUSSEHRA CELEBRATIONS

11.10.2023

Dussehra, the festival to celebrate the victory of good over evil, was celebrated on October 11, 2023, at the KLMCEW campus with a lot of zeal and fervour. The program began with a prayer and a story-telling session on Dussehra, followed by a speech by Dr. M.V. Rathnamma Garu, Principal, KLMCEW, Kadapa.

In her speech, madam has recollected the epic of Ramayana and enlightened the importance of Dussehra, which is celebrated with much fervour and enthusiasm across the country. It is the day when Lord Rama eliminated the Lankan king, Ravana. Dussehra is the celebration of the victory of good over evil. Good has always overshadowed evil, and it always will. To celebrate the spirit of Dussehra, students of all B.Tech. and Diploma courses wholeheartedly participated in the pre-celebrations, and a few dressed up as their favourite Ramayana character and spoke a few lines about them. It was a fun-filled and joyous activity. The wisdom and knowledge the students and faculty had about Ramayana at this tender age were wonderful to witness.

FACULTY ACHIEVEMENT

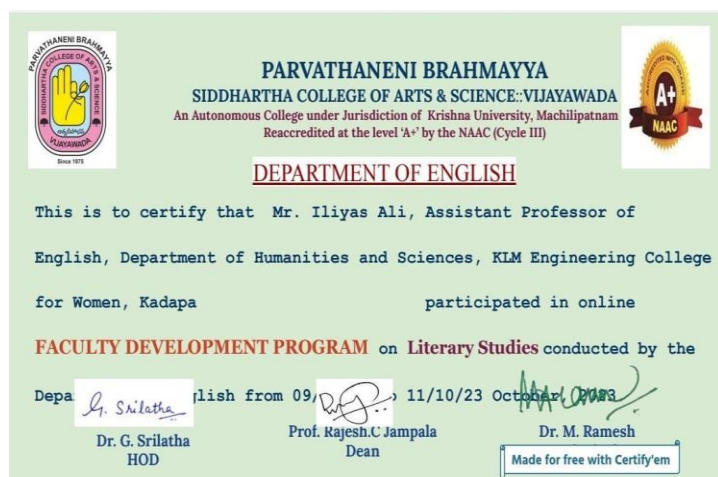

Academic Achievement PhD Degree

Dr. Iliyas Ali Shaik, Assistant Professor, Department of Humanities and Sciences (H&S) was conferred with a PhD degree in English Language and Literature under the supervision of Dr. V. Selvam, Professor for his research contribution on title *"A Study on the Influence of Indian Diaspora Fiction and Movies on First Year B. Tech Students"* on October 13th 2023 from the School of Social Sciences and Language of VIT University, Vellore.

Faculty Development Programme

Mr. Iliyas Ali Shaik, Assistant Professor, Department of Humanities and Sciences (H&S) has actively participated in 03 days Faculty Development Programme on *"Literary Studies"* from 09.10.2023 to 11.10.2023 organized by the Department of English, P.B. Siddhartha College of Arts and Science, Vijayawada.

INAUGURATION OF AI COMPUTER LAB

Date: 02-11-2023

The inauguration of the Artificial Intelligence (A.I) lab took place at the KLMCEW campus, with Dr. K. Chandra Obul Reddy, Managing Director of KGI, and Honourable Vice Chairman of KGI, Sri. K. Madan Mohan Reddy, presiding over the event. The event took place in the presence of Dr. M.V. Rathnamma garu, Principal of KLCEW, and Dr. V.S.S. Murthy garu, Principal of KSRMCE. Additionally, notable guests from KSRMCE, as well as the staff members of KGI, were present at the gathering. The priest performed auspicious chants and offered prayers to bless the new laboratory.

TRIBUTE TO FORMER MANAGING DIRECTOR OF KGI

Date: 04.11.2023

Today, the Kandula Group of Institution witnessed the third anniversary of the departure of the revered former Managing Director, Sri Kandula Sivananda Reddy. Staff and Students have gathered to remember and embrace the cherished memories.

A Pooja ceremony was conducted at KSNR ghat to honor the bereaved. The Managing Director, Correspondent, Chairman and Vice-Chairman paid their respects by placing a wreath on the grave. A contingent of ISCKON members in Tirupati sang verses from the Bhagavath Gita to mark the occasion. A collaborative blood donation camp was organized by RIMS and Boga Parvathamma blood banks, resulting in the collection of 150 units of blood from the staff and students. In addition, Bharathi Eye Hospital has also arranged a free eye medical camp.

The Principals of KSRM and KLMCEW and the entire employees expressed their deep respect and admiration for the former Managing Director, reflecting on the memory of the bereaved.

BLOOD DONATION CAMP

Date: 04.11.2022

In remembrance of former Managing Director Shri. Kandula Sivananda Reddy garu's 3rd death anniversary, the Kandula Group of Institutions in collaboration with RIMS Blood Bank and Boga Parvathamma Blood Bank, conducted a Blood donation camp. During the event, the Managing Director, as well as students and staff members from KLMCEW and KSRMCE, gave over 150 units of blood. It is a gesture aimed at providing a glimmer of hope in addressing the critical issue of blood scarcity. India is experiencing a deficit of 3 million units of blood. The issue may be resolved by increasing the blood donation rate among Indians by an extra two percent, as suggested by health professionals. Annually, a total of 12 million units of blood is required, although only around nine million units are currently being donated.

Our college KLMCEW, consistently arranges blood donation camps annually, where both students and staff members willingly participate in donating blood. During their interaction with the camp attendees, our NSS volunteers raised awareness about the scarcity of blood and emphasized the need of annual blood donation to assist those in need of blood. Donating blood has the potential to save the lives of countless individuals. The act of donating blood is of utmost importance and essential in order to save the lives of many patients and those who have been involved in accidents.

FREE MEDICAL CAMP

Date: 04.11.2023

The Kandula Group of Institutions, in collaboration with Bharathi Eye Hospital, Kadapa, conducted a one-day medical camp on 04th November 2023 at Krishnapuram Village, providing free healthcare services to the local people. The medical camp took place at the college campus of KSRM and KLMCEW, with a team of 25 NSS volunteers supervised by Mr. V.R. John Devanand, the NSS Programme Officer. The medical team included Dr. Swarupa Rani, M.S., (Ophthalmology).

The teams arrived at the location at 10 am and the camp was officially opened with a welcome speech by Dr. K. Chandra Obul Reddy, Managing Director of KGI, Kadapa, in memory of his late father who was a former Managing Director, KGI, and prominent figure in AP Politics. Mr. K. Madan Mohan Reddy, the Vice Chairman of KGI, also delivered a speech. Additionally, the doctors were presented with shawls by the Principals of KSRMCE, and KLMCEW. A multitude of villages actively engaged in the camp as a result of extensive promotion by NSS volunteers. A total of 96 villages participated in the medical camp and received benefits.

PLACEMENT TRAINING

Date: 10.11.2023

Interviews provide students the chance to establish a personal connection while engaging in a professional dialogue. Interviews are done in many industries for various goals such as job interviews, performance assessments, and gathering information for articles. Successfully navigating an interview and securing the employment position is seen as a formidable endeavour. Possessing the appropriate competence for a certain professional role is a significant consideration. In this context, the training and placement department at KLMCEW has organized a '**Mock Interviews**' for all B.Tech. final year students. This initiative offers them a chance to practice, receive feedback, and enhance their skills. It also helps them develop interview strategies, improve communication skills, tackle challenging questions, and alleviate pre-interview nervousness.

NATIONAL EDUCATION DAY

Date: 11.11.2023

The KLMCEW has organized a programme on **National Education Day** on November 11 to commemorate the birth anniversary of Maulana Abul Kalam Azad, the First Education Minister of India.

This celebration serves to raise awareness about the fundamental right to education and underscore its paramount importance. Education stands as an inherent right for every individual and serves as the cornerstone of a resilient and enlightened society. It plays a pivotal role in fostering awareness about our surroundings, our lives, and the broader societal context. By facilitating the acquisition of knowledge, education equips us with the ability to convert lessons learned into actionable steps, thereby propelling us toward success. An educated and well-informed citizen embodies the ideals of responsible citizenship, actively contributing to a brighter future, both personally and globally.

A STUDENT AWARENESS PROGRAMME ON EDUCATION FOR DROPOUT STUDENTS IN KADAPA LOCALITY

Date: 11.11.2023

The day is marked by Nation Education Day celebrations in KLMCEW college with an awareness programme on Education and its signification to the drop out students of rural locality in Kadapa town and other educational institutions was observed on 11 November in India to honour Maulana Abul Kalam's birthday.

The National Education Day, which honors the birth anniversary of the first Minister for Education, Moulana Abul Kalam Azad, was celebrated today at KLM. As part of the event, students, along with staff members, visited a slum in Masapet to raise awareness about school dropouts. The students went to various households and inquired about any instances of dropouts. They also raised awareness among a select few parents. They encouraged a small number of parents to enroll their children in school. Principal Dr. M. V. Rathnamma gaaru provided motivation, devised plans, and offered encouragement to the students and staff. Dr. T. Lakshmi Narayana, Sri D. Sreenivasulu, Lab Assistant Vyshnavi, and NSS programme officer V.R. John Devanand participated.

Various programs, such as seminars, conferences, and activities, are organized to promote awareness regarding the crucial role of education, the value of literacy, and the imperative of ensuring education for all drop out in Kadapa.

DIWALI CELEBRATIONS

Date: 12.11.2023

The KLM College of Engineering for Women celebrated Pre-Diwali festivities at the KLMCEW campus on November 12th, 2023. The college campus was adorned with an abundance of lights, showcasing a spectacular exhibition of Ravana art on the grass. Additionally, the campus was embellished with flowers and illuminated with diyas. The commencement of the celebratory music occurred at 3.30pm.

The event was kick started by Dr. M.V. Rathnamma, Principal, KLMCEW at 3.30pm with the student emcees extending a warm welcome to all the dignitaries. The cultural event started with a captivating classical dance performance by the pupils, which garnered a standing ovation from the administration. Subsequently, a traditional dance performance ensued, symbolizing joy and festivity.

Following that, the KLMCEW dance team performed a Skit that depicted the narrative of Diwali, showcasing Lord Ram's triumph over Ravana and his rescue of Sita. The lighting of the diya was performed by all the dignitaries, staff members, and students. Crackers and fireworks were ignited throughout the campus, resulting in a multitude of vibrant colors accompanied by a deafening explosion.

A TWO-DAY WORKSHOP ON “FINANCIAL EDUCATION FOR YOUNG CITIZENS”

Date: 22.11.2023

The KLMCEW, Kadapa, Department of MBA hosted a two-day workshop on "Financial Education for Young Citizens" on November 22nd and 23rd, 2023, in response to the rising awareness of the need for financial education. With the goal of assisting governments in fostering financial resilience and well-being, Dr. Sharan Kumar Shetty, a Resource Person in the MBA department at Visvesvaraya Technological University, Bangalore, has given a comprehensive initiative on financial education in which he has shared his experiences, discussed strategic priorities, and developed policy responses on topical issues like Stock Broking, Mutual funds, investment and savings

The first day provided context by discussing the existing state of young people's financial literacy in the area and the projected implications of the ongoing COVID-19 problem. Participants briefly reviewed the possible role of financial education in boosting financial well-being of young people in SEE in the medium to long run. In addition to introducing financial education into formal education curriculum, good practice examples were presented on how to build financial education policies and programs based on research and financial literacy basic skills.

The second day focused on brainstorming creative strategies for engaging kids and teens via the use of digital tools and other cutting-edge approaches. Speakers were encouraged to reflect on the influence of the COVID-19 epidemic on the delivery of financial education to adolescents, and exchange insights on the adaptation of financial education policy design and provision to the new digital reality.

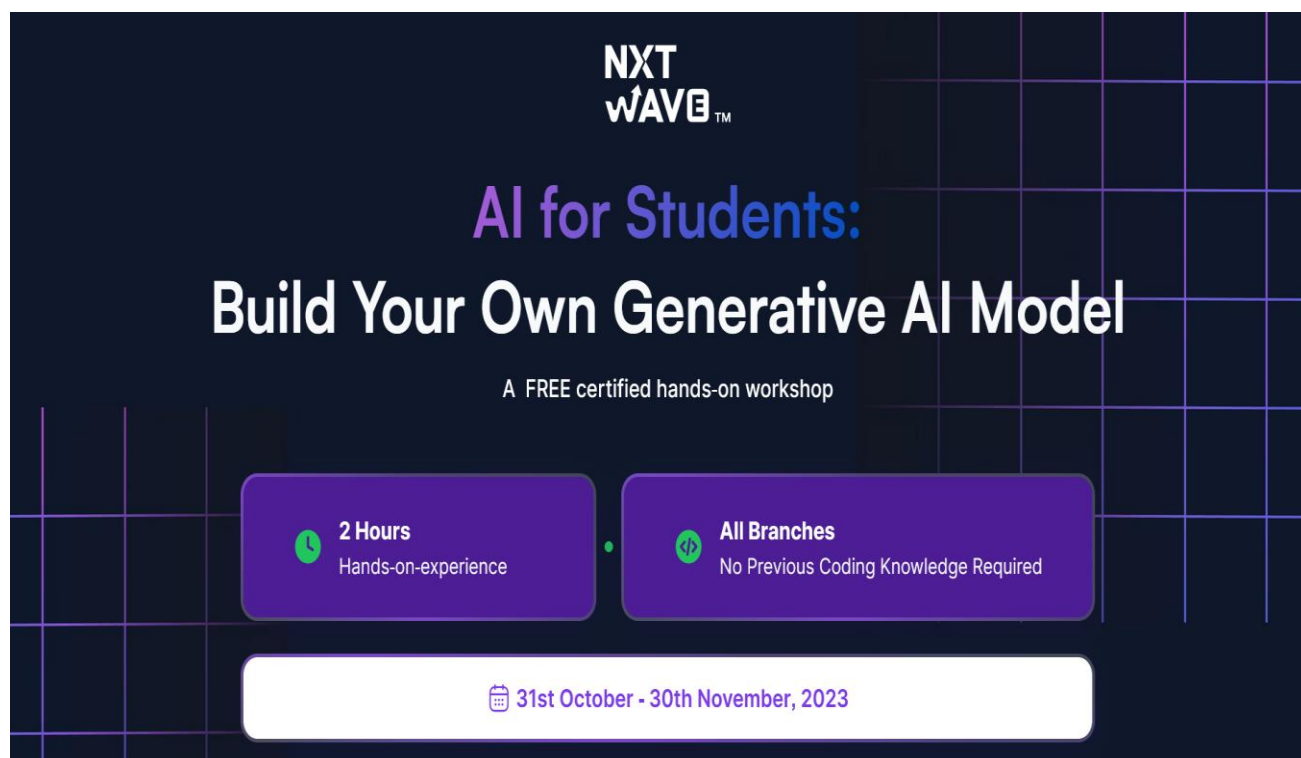

A ONE DAY VIRTUAL WORKSHOP ON ARTIFICIAL INTELLIGENCE (AI)

Date: 29.11.2023

On the 29th of November 2023, a One-Day Virtual Workshop on Artificial Intelligence was organised for the B. Tech Students (1st year to Final Year) and facilitated by Mr. Trivikrama an alumnus from the Indian Institute of Technology, Delhi (IIT Delhi) for the students and faculties of KLM College of Engineering for Women, Kadapa. Dr. M.V. Rathnamma, Principal introduced the person for this workshop to the students.

The workshop was conducted in the afternoon sessions. The resource person introduced key concepts on artificial intelligence; defining critical terms, capabilities as well as current limitations of AI. The Basic algorithms were also covered during the session and the sessions also included multi-media resources to better elucidate key concepts. The participants coded a basic AI algorithm using R programming language. The key concepts were introduced from the absolute basics as this workshop was designed to cater to participants with any skill level in coding. Multiple simplified examples of AI were coded.

The students showed keen interest in the workshop and have gained a hands-on experience in the topics of Artificial Intelligence. Overall, 600 students participated virtually, from different departments. This workshop was a good learning experience for the participants. They had the opportunity to familiarize themselves to AI using R programming language whilst also having the opportunity to interact with some of the best resource persons in the country.

The poster is for a workshop titled "AI for Students: Build Your Own Generative AI Model". It features a dark blue background with a light blue grid pattern. At the top, the "NXT WAVE" logo is displayed in white. Below the logo, the title "AI for Students: Build Your Own Generative AI Model" is written in large, bold, white and light blue text. Underneath the title, it says "A FREE certified hands-on workshop". There are two purple rounded rectangular boxes in the middle. The first box contains a clock icon and the text "2 Hours Hands-on-experience". The second box contains a person icon and the text "All Branches No Previous Coding Knowledge Required". At the bottom, there is a white rounded rectangular box with a calendar icon and the text "31st October - 30th November, 2023".

AN E-WORKSHOP FOR AWARENESS ON NPTEL COURSES

Date: 30.11.2023

A NPTEL awareness program in association with MIT Academy of Engineering was conducted for the students of First year ECE, Computer Science & Engineering, CSE – Artificial Intelligence and CSE – Data Science students on 30th November 2023. A total of 250 students attended the session from 10:00am to 12:00 PM. The session was arranged and introduced to the students through the online link by Mr. J. Yonathan (NPTEL coordinator, KLMCEW)

The resource person from the NPTEL Local Chapter, IIT Madras, explained to the students the procedure to enrol for NPTEL courses and fill examination forms as well as the timeline for January 2023. Students were given an idea regarding NPTEL Certificates, fee waiver benefit for SC, ST and low-income students. The importance of Domain courses, mentor, NPTEL Stars was also conveyed to the students. Students were made aware that the lecture notes of some courses are also available in regional languages like Marathi, Bangali, Hindi, Gujarati, Kannada, Malayalam, Tamil, Telugu etc.

Dr. M.V. Rathnamma, Principal, KLMCEW encouraged students to strengthen their learning and career paths by joining the online courses and stated how today's digital era can provide education to every mind that wishes to learn and grow.

The banner is divided into two main sections. The left section has a dark blue background with white and green text. It features the NPTEL logo (a stylized flower inside a circle) at the top left. To its right is a yellow 'LIVE SESSION' button with a play icon. Below this, the text 'NPTEL AWARENESS E-WORKSHOP' is written in large, bold, white and green letters. Underneath, it says 'In Association with MIT Academy of Engineering Pune, Maharashtra'. At the bottom left, there is a calendar icon and the text 'Date & Time: Nov 30, 2023 | 10:00 AM'. The right section of the banner shows a photograph of a large, multi-story white building with many arched windows, surrounded by green lawns and trees. A few people are walking on a path in the foreground.

FACULTY ACHIEVEMENT

Paper Presentation in the International Conference

Dr. Ilyas Ali Shaik, Assistant Professor, Department of Humanities and Sciences (H&S) has actively participated and presented a paper titled “Digital Humanities” in One Day International Conference on **“Popular Literature and Culture- PLC 2023”** on 08th November 2023 organized by the Department of English, Ganesar College of Arts and Science, Melasivapuri, Pudukottai District, Tamilnadu, India-622403.

STUDENT ACHIEVEMENTS

BASKET BALL CHAMPIONSHIP

The Management, Principal and staff has congratulated Ms. M. Dharani, of III CSE, and Ms. M. Padmavathi, from III ECE for representing our KLMCEW, Kadapa in the A.P Inter District Senior Basketball championship held at Acharya Nagarjuna University, Guntur from 17th to 19th November and their respective represented team stood 3rd place in the championship.

KLMCEW wishes them all good luck for their future endeavours in the days to come.

31st Remembrance Day Honors Late Kandula Lakshumma at KLM Women's Engineering College

Date: 04-12-2023

On 04th December 2024, KLM Women's Engineering College held a solemn ceremony to observe the 31st Remembrance Day of the late Kandula Lakshumma. The event featured heartfelt tributes and reflections on her impactful contributions, including the establishment of the women's engineering college in the backward region of Rayalaseema.

Smt. K. Rajeswari Garu, the correspondent of the college, initiated the proceedings by offering prayers and paying rich tributes to Kandula Lakshumma. The principal delivered a poignant speech, expressing gratitude to the late correspondent, Kandula Sivananda Reddy Sir, for his visionary efforts. She emphasized the pivotal role of the college in empowering women through education and encouraged students to contribute to its reputation. A two-minute silence was observed as a mark of respect for the departed soul, setting a somber tone for the occasion. Following this moment of reflection, sweets were distributed to all attendees, fostering unity and remembrance among the college community.

Distinguished guests, including the Principal of KSRM, Prof. V.S.S. Murthy Sir, Managing Director Dr. K. Chandra Obul Reddy Sir, KSRM MBA Principal Dr. Krishna Mohan, Heads of Departments, faculty members, and non-teaching staff, were present to honor the late Kandula Lakshumma.

As a symbolic gesture, saplings were planted in the Computer Science and Engineering (CSE) block, representing the growth and perpetuity of Smt. Lakshumma's legacy. This act serves as a poignant reminder of the ongoing commitment to honor her memory and contribute positively to the environment.

The 31st Remembrance Day at KLM Women's Engineering College not only paid homage to a visionary leader but also reinforced the college community's dedication to the ideals and principles she stood for. The planted saplings symbolize the enduring impact of Kandula Lakshumma on the institution and the lives she touched.

Social Service by NSS Unit at KLM Engineering College for Women extends Heartfelt Gesture on 31st Remembrance Day

Date: 04.12.2023

In a noble gesture commemorating the 31st fond Remembrance Day of the late Kandula Lakshumma Garu, the National Service Scheme (NSS) unit of KLM Women's Engineering College visited the "Brinda Old Age Home" at Azad Nagar, Kadapa. The NSS unit, comprising I B.Tech students, orchestrated a heartwarming initiative to distribute fruits to nearly 28 elderly residents of the home.

The event, marked by compassion and camaraderie, saw the enthusiastic participation of the students who actively engaged in the distribution of fruits. Dr. K.C. Obul Reddy, Managing Director, Dr. M.V. Rathnamma, Principal, and Correspondent Smt. K. Rajeswari, along with the dedicated staff and Heads of Departments, were present to appreciate and commend the thoughtful initiative.

The NSS program officer, V R. John Devanand, and Heads of Departments including Sri D. Srinivasulu (CSE), Dr. T. Lakshmi Narayana (ECE), and Sri B. Mahesh Nayak (AI & ML), provided guidance and support to the students throughout the program.

The collective effort showcased not only the spirit of social service ingrained in the ethos of the college but also exemplified the commitment of the students and faculty towards making a positive impact in the community. The visit to Brinda Old Age Home served as a touching tribute to the late Kandula Lakshumma Garu, reflecting the enduring values she instilled in the institution and inspiring the spirit of giving back to society among the students.

KLM Engineering College Hosts Awareness Programme on NAAC for Staff Empowerment

Date: 06.12.2023

In a proactive move towards academic excellence, KLM Women's Engineering College organized a comprehensive Awareness Programme on the National Assessment and Accreditation Council (NAAC) for its dedicated staff members. The initiative aimed to enhance awareness and understanding of NAAC processes and criteria, fostering a culture of continuous improvement within the institution. The programme, tailored to meet the specific needs of the staff, unfolded with a series of informative sessions conducted by experts in accreditation processes. Faculty members and administrative staff actively participated in discussions that covered the significance of NAAC accreditation, the criteria for assessment, and the impact on the overall academic environment.

Dr. K.C. Obul Reddy, Managing Director of KLM Women's Engineering College, highlighted the importance of NAAC accreditation in shaping the college's academic trajectory. He emphasized how the accreditation process serves as a benchmark for quality assurance and institutional growth.

Dr. M.V. Rathnamma, the Principal of the college, expressed optimism about the benefits of the NAAC accreditation in elevating the college's status and encouraging a culture of continuous improvement. She encouraged active participation from the staff in the accreditation process to collectively contribute to the institution's academic advancement. Correspondent Smt. K. Rajeswari, key personnel from different departments, and Heads of Departments actively engaged in the discussions, sharing insights and perspectives on how the NAAC accreditation aligns with the institution's mission and vision.

The awareness programme also provided a platform for staff members to clarify doubts, seek guidance, and discuss best practices for meeting NAAC standards. The interactive sessions facilitated a constructive dialogue on enhancing the overall quality of education and academic governance at KLM Women's Engineering College. As the institution gears up for the NAAC accreditation process, the Awareness Programme stands as a testament to KLM Women's Engineering College's commitment to continuous improvement, quality education, and its pursuit of excellence in the academic realm. The institution looks forward to embracing the accreditation process as a catalyst for further growth and development.

I B.Tech. Students of KLM Women's Engineering College Enjoy Memorable Picnic Excursion

Date: 07.12.2023

In a refreshing escape from academic hustle, KLM Women's Engineering College's first-year B.Tech. students recently embarked on a captivating picnic to Vontimitta, Siddavatam Fort, and Nagara Vanam. This meticulously organized excursion promised a day of exploration, fun, and camaraderie.

Accompanied by enthusiastic faculty members, the students set out on a vibrant journey in three buses, first stopping at Vontimitta. The divine aura of Lord Ram's temple, nestled 25 km away, left them spellbound. Discovering the temple's unique name origin, derived from "vonti" (one) and "mitta" (stone) due to Lord Rama's idol on a single stone, added depth to their cultural experience.

Siddavatam Fort followed, offering a historical backdrop for the students to explore, relish scenic beauty, and enjoy a sumptuous lunch outdoors, a delightful deviation from the norm for cleanliness reasons. The final destination, Nagara Vanam, proved to be a recreational haven with an open gym, playing arena, and food court. The students immersed themselves in diverse activities, crafting enduring memories. Throughout the journey, the buses echoed with the lively voices of students, creating an energetic atmosphere. Accompanied by dedicated staff, the picnic unfolded seamlessly, ensuring a memorable and incident-free day.

As the students returned, their bags were laden not only with memories but also with a shared sense of joy and camaraderie. This well-deserved respite served as a momentous bonding experience, etching memories that will endure for years to come. The excursion was a testament to the spirit of exploration, fostering connections and creating moments that will remain eternally cherished.

KLMCEW Kadapa Hosts Live Telecast of PM's Vision for "Viksit Bharat@2047"

Date: 11.12.2023

In a forward-looking initiative, KLM Women's Engineering College in Kadapa played host to the live telecast of the Honorable Prime Minister of India's speech at the "Viksit Bharat@2047" program on the 11th of December 2023. The college provided students with the unique opportunity to witness and engage with the Prime Minister's vision for a developed India by the year 2047. The live telecast, held at the college premises, allowed students and faculty members to connect with the national discourse on development and progress. The event was organized with the aim of fostering awareness and encouraging active participation in the vision laid out by the Prime Minister for the country's future.

The Honorable Prime Minister's address covered a range of topics crucial to India's growth, including advancements in technology, education, infrastructure, and socio-economic development. The speech provided insights into the government's strategies and initiatives designed to shape a developed India by the year 2047.

KLMCEW Kadapa's decision to broadcast the event live on campus underscores the institution's commitment to keeping students abreast of national developments and engaging them in discussions

about the country's future trajectory. The event was attended by a diverse group of students and faculty members, creating an atmosphere of anticipation and enthusiasm. The live telecast not only facilitated a direct connection between the students and the Prime Minister's vision but also sparked discussions and reflections on the role of education and technology in shaping the future of the nation.

As the event concluded, students and faculty members expressed their appreciation for the opportunity to witness and engage with the visionary ideas presented by the Honorable Prime Minister. The live telecast at KLMCEW Kadapa served as a platform for intellectual exchange and a step towards aligning the college community with the national agenda for a developed and prosperous India by 2047.

MBA Department Organizes One-Day Workshop on Financial and Security Markets

Date: 13.12.2023

The Department of MBA at KLM College of Engineering for Women, Kadapa is set to host a dynamic one-day workshop on Financial and Security Markets on the 13th of December 2023. The workshop will be conducted by esteemed guest speaker Mr. K. Rajendra Prasad, Assistant Professor of MBA at Ashoka Women's Engineering College, Kurnool.

The workshop aims to provide valuable insights into the intricate workings of financial and security markets, offering students a comprehensive understanding of the dynamic landscape. Mr. K. Rajendra Prasad, with his expertise in the field, is poised to share practical knowledge, industry trends, and real-world scenarios that will equip students with a deeper understanding of financial markets.

The workshop is strategically designed to cover key topics, including market structures, investment strategies, risk management, and the impact of global events on financial markets. Participants can anticipate an engaging session that combines theoretical knowledge with practical applications, enhancing their skill set and market acumen. As the MBA Department continues its commitment to delivering relevant and industry-centric education, this workshop serves as a significant opportunity for students to bridge the gap between theoretical learning and the dynamic realities of financial markets.

The event is expected to draw active participation from MBA students and faculty members, fostering a conducive environment for learning, networking, and the exchange of ideas. The MBA Department looks forward to a day of enriching discussions and valuable insights that will contribute to the holistic development of its students in the realm of financial and security markets.

NSS Volunteers Advocate Holistic Energy Conservation on National Energy Conservation Day

Date: 14.12.2023

On the eve of National Energy Conservation Day, NSS (National Service Scheme) volunteers delivered a compelling message emphasizing the cultivation of a holistic attitude towards saving energy. The volunteers, armed with placards, took to classrooms to raise awareness among students about the critical importance of energy conservation for the nation's future. As the volunteers engaged with students, they conveyed the urgency of saving energy, emphasizing its significance in shaping a sustainable future for the country. The students actively participated in the initiative, recognizing the imperative to conserve energy resources for the well-being of future generations.

Slogans advocating energy conservation echoed through the school corridors as students passionately expressed their commitment to this cause. Subsequently, a collective pledge to save energy was taken by the students, symbolizing their dedication to contributing to a sustainable and energy-efficient future.

Dr. K. Chandra Obul Reddy, the Managing Director, expressed appreciation for the initiative undertaken by the NSS volunteers. Smt. K. Rajeswari, the correspondent, and Dr. M.V. Rathnamma, the Principal, also lauded the efforts of the volunteers and students in spreading awareness about energy conservation. The Heads of Departments and staff members joined in applauding the students' commendable efforts, recognizing the importance of instilling a sense of responsibility towards energy conservation in the younger generation.

The event marked not only a celebration of National Energy Conservation Day but also served as a reminder of the collective responsibility to safeguard and preserve the country's energy resources for a sustainable and resilient future.

I Year Diploma Students Revel in a Memorable Picnic to Vontimitta and Nagara Vanam

Date: 16.12.2023

In a delightful excursion, the diploma students of KLM College of Engineering for Women enjoyed a day-long picnic to the enchanting destinations of Vontimitta and Nagara Vanam yesterday. The journey began with a visit to the revered Lord Rama temple, where students had the privilege of darshan and explored the architectural marvels surrounding the sacred site. The students, many of whom were visiting the temple for the first time, were captivated by the breathtaking scenic beauty that adorned the temple premises. The intricate details of the architecture left a lasting impression, creating a sense of awe among the students.

After the spiritual experience, the group relished a sumptuous lunch, fostering camaraderie and strengthening the bonds of friendship. Energized and in high spirits, the students continued their journey to Nagara Vanam, where they immersed themselves in the serene surroundings and engaged in joyful activities at the playing arena.

Accompanied by the dedicated faculty members Sri S. Mallikurjuna Reddy, Miss P. Supriya, and Mrs. Vani, the students created lasting memories throughout the day. The faculty members ensured the safety and well-being of the students, contributing to the overall success of the outing. As the buses returned to the college premises, the atmosphere buzzed with laughter and chatter, showcasing the success of the excursion. Many smiling faces were evident as the students disembarked, reminiscing about the joyous moments spent in the picturesque locales of Vontimitta and Nagara Vanam.

This memorable picnic not only provided a welcome break from academic routines but also fostered a sense of camaraderie and unity among the diploma students, creating bonds that will undoubtedly endure beyond the boundaries of the college campus.

Department of ECE at KLMCEW Kadapa Explores Job Opportunities in VLSI/Semiconductor Industry Through Informative Webinar

The Department of Electronics and Communication Engineering (ECE) at KLM College of Engineering for Women (Klmcew) took a significant step towards enriching the career prospects of its students by organizing a webinar on "Job Opportunities in VLSI/Semiconductor Industry." The event, which took place on December 20th, 2023, aimed to provide valuable insights into the flourishing field of Very Large-Scale Integration (VLSI) and Semiconductor technology.

The webinar was attended by students, faculty members, and industry enthusiasts who were eager to explore the dynamic and rapidly evolving landscape of VLSI and Semiconductor technology. Renowned experts from the industry were invited to share their knowledge and experiences, shedding light on the diverse career opportunities available in this cutting-edge sector. The speakers discussed the current trends, challenges, and advancements in VLSI and Semiconductor technology,

providing the participants with a comprehensive understanding of the industry's nuances. The session also delved into the skill sets and qualifications required for pursuing a successful career in this field.

Dr. Lakshmi Narayana, Head of the Department of ECE, expressed enthusiasm about the initiative, stating, "We believe in empowering our students with knowledge that goes beyond textbooks. The VLSI/Semiconductor industry is a key player in the technology domain, and our objective is to equip our students with the insights and skills necessary to excel in this dynamic sector." The participants had the opportunity to interact with the speakers, posing questions and seeking advice on how to navigate the competitive job market in the VLSI/Semiconductor industry. The webinar served as a platform for students to gain valuable industry perspectives and make informed decisions about their career paths.

The Department of ECE at Klmcew Kadapa continues to foster a culture of academic excellence and industry readiness, ensuring that its students are well-prepared for the challenges and opportunities presented by the rapidly evolving technological landscape. The webinar on job opportunities in the VLSI/Semiconductor industry stands as a testament to the department's commitment to providing holistic education and facilitating the professional growth of its students.

KLM College of Engineering for Women (KLMCEW) Commemorates National Mathematics Day with Enthusiastic Celebrations

In a vibrant celebration of the mathematical legacy and the birth anniversary of the revered mathematician Srinivasa Ramanujan, KLM College of Engineering for Women (KLMCEW) organized a series of engaging events to mark National Mathematics Day. The day commenced with a special assembly, where students, faculty, and staff gathered to pay homage to the mathematical genius Srinivasa Ramanujan. The event highlighted the significant contributions of Ramanujan to the world of mathematics, showcasing his unparalleled talent and extraordinary achievements. The festivities continued with various academic and recreational activities that aimed to instill a love for mathematics among the students. Mathematical quizzes, problem-solving competitions, and interactive workshops were organized to engage participants and enhance their

understanding of the subject.

Mrs. D. Prabhavathi, the Head of the Department of Mathematics, emphasized the importance of National Mathematics Day, saying, "This day is not just a celebration of numbers but a tribute to the beauty and elegance of mathematics. It provides us with an opportunity to appreciate the contributions of mathematical thinkers and inspire the next generation of mathematicians." A highlight of the celebration was a guest lecture by a distinguished mathematician, who shared insights into contemporary developments in the field and motivated students to explore the vast and fascinating world of mathematics.

The college also hosted a mathematical art exhibition, showcasing the aesthetic side of mathematics through visually appealing displays. The exhibition aimed to break the stereotype of mathematics being perceived as only numbers and equations, demonstrating its artistic and creative facets. As part of the celebrations, students and faculty actively participated in outreach programs, conducting interactive math sessions for local schools to promote mathematical literacy and foster an appreciation for the subject from an early age.

The National Mathematics Day celebrations at KLMCEW culminated with a prize distribution ceremony, where outstanding performers in various competitions were recognized and rewarded for their enthusiasm and dedication to the subject. Overall, the event succeeded in creating an environment that celebrated the beauty, significance, and applicability of mathematics, leaving a lasting impact on the students and reinforcing the college's commitment to promoting excellence in education.

KLM College of Engineering for Women (KLMCEW) Radiates Festive Cheer with Pre-Christmas Celebrations

Date: 22.12.2023

Kadapa: In a jubilant display of festive spirit, KLM College of Engineering for Women (KLMCEW) embraced the joyous season with a series of Pre-Christmas celebrations that brought together students, faculty, and staff in a festive ambiance. The college premises were adorned with colorful decorations, twinkling lights, and festive ornaments, setting the stage for a month-long celebration leading up to Christmas. The festivities kicked off with a special assembly, where the college community gathered to share the warmth and joy of the holiday season.

The highlight of the celebrations was the Christmas tree lighting ceremony, symbolizing the commencement of the festive season. Students, adorned in Christmas-themed attire, actively participated in the event, adding to the festive fervor with carol singing and musical performances. As part of the celebrations, various departments organized Christmas-themed competitions and activities, including decoration contests, gift exchanges, and festive bake-offs. The creativity and enthusiasm displayed by the students added a vibrant touch to the campus atmosphere.

Dr. M.V. Rathnamma, the Principal of KLMCEW, expressed her delight at the spirited celebrations, stating, "The festive season is a time to come together, spread joy, and celebrate the spirit of unity. Our Pre-Christmas celebrations aim to create a sense of camaraderie and festive cheer among our students and staff." In the spirit of giving, the college also organized a charitable initiative, encouraging students to contribute to local community welfare projects. Donation drives for essentials, clothing, and food items were organized to support those in need, embodying the true spirit of Christmas.

The celebrations culminated in a grand Christmas feast, where students and staff gathered to share a meal and exchange good wishes. The event provided an opportunity for the college community to unwind, reflect on the year gone by, and anticipate the promise of the approaching new year. As the Pre-Christmas celebrations concluded, the atmosphere at KLMCEW resonated with the joy and warmth of the festive season. The college community looks forward to carrying this spirit into the upcoming Christmas celebrations, creating lasting memories and fostering a sense of togetherness among all.

KLMCEW Campus Radiates Festive Vibes in Pre-New Year Celebrations

The campus of KLMCEW (Kandula Lakshumma Memorial College of Engineering for Women) is buzzing with excitement and festive energy as students, faculty, and staff come together to celebrate the Pre-New Year festivities. The college, known for its vibrant community spirit, has organized a series of events to usher in the upcoming year with enthusiasm and camaraderie.

The celebrations also include a campus-wide feast, featuring a diverse array of cuisines that cater to various tastes and preferences. Additionally, wellness activities such as yoga sessions and mindfulness workshops have been organized to provide students with an opportunity to relax and reflect as they prepare for the new year. As the clock ticks away the final moments of the year, KLMCEW is not just witnessing a change in the calendar; it is experiencing a collective embrace of joy, togetherness, and hope for the future. The Pre-New Year celebrations at KLMCEW reflect the college's commitment to fostering a holistic and enriching educational experience that goes beyond academics, creating memories that will be cherished by the college community for years to come.

Dr. Kandula Chandra Obul Reddy, Managing Director of KLMCEW, expressed his gratitude for the resilience and perseverance shown by the college community throughout the year. He emphasized the importance of unity and collaboration in overcoming challenges and encouraged everyone to embrace the opportunities that the new year brings.

Smt. K. Rajeswari, Correspondent of the college, highlighted the importance of fostering a sense of belonging and community spirit on campus. She commended the students and staff for their dedication and hard work, expressing confidence in the college's continued growth and success in the coming year.

Dr. M. V. Rathnamma, Principal of KLMCEW, echoed the sentiments of optimism and unity. She urged the students to continue striving for excellence in academics and extracurricular activities, assuring them of the college's unwavering support in their educational journey.

FACULTY ACHIEVEMENT

Paper Publication in the WoS & UGC CARE List Journal

Dr. T. Lakshmi Narayana, Associate Professor, Department of Electronics & Communication Engineering (ECE) has published his paper “Detection and Classification of Crop Leaf Diseases Using Machine Learning Algorithms in the WoS & UGC Care List Journal “Bulletin of Environment, Pharmacology and Life Sciences” vide Vol. 12, No.09, August 2023, pp. 136-145.

NPTEL Online Certification

Mr. B. Sudhakar, Assistant Professor, Department of Computer Science & Engineering (CSE) has actively enrolled and successfully completed online certification course in NPTEL on “Introduction to Internet of Things” during Jul – Oct 2023 with an aggregate of 76% among 25880 total participants enrolled.

NPTEL Online Certification

Mr. K. Venkata Subba Reddy, Assistant Professor, Department of Electronics & Communication Engineering (ECE) has actively enrolled and successfully completed online certification course in NPTEL on “Digital Circuits” during Jul – Oct 2023 with an aggregate of 73% among 2526 total participants enrolled.

STUDENT ACHIEVEMENTS

B. Tech Students at KLMCEW Shine with NPTEL Certifications

B.Tech students at KLM College of Engineering for Women (KLMCEW) achieved a commendable feat by successfully completing multiple online certification courses through NPTEL. Dr. K. Chandra Obul Reddy, Managing Director, Smt. K. Rajewari, Correspondent, Dr. M.V. Rathnamma, Principal, and Mr. Yonathan, SPOOC Coordinator, joined Heads of Departments in congratulating the accomplished students. The diverse range of courses covered cutting-edge topics, showcasing students' enthusiasm for continuous learning. The college leadership emphasized the importance of staying current with technological advancements and praised the students for their dedication to enhancing their academic and professional profiles through NPTEL certifications.

Smt. K. Rajewari, the Correspondent, highlighted the significance of NPTEL certifications in providing a competitive edge in the job market. Dr. M.V. Rathnamma, the Principal, acknowledged the students' commitment and encouraged them to leverage their acquired knowledge for success in their chosen fields. Mr. Yonathan, the SPOC Coordinator, expressed satisfaction with students' active participation, encouraging others to explore similar opportunities. The collective applause from the Heads of Departments underscored the college's commitment to fostering a culture of continuous learning and skill development. The achievement reflects both the students' dedication and the college's commitment to providing a holistic and future-ready education, reinforcing KLMCEW's pride in its students' accomplishments and anticipation of more milestones in their educational journey.

NEW YEAR CELEBRATIONS – 2024

The Managing Director Dr. K. Chandra Obul Reddy Garu, Smt. K. Rajeswari Garu, and Dr. M.V Rathnamma Garu addressed the crowd, expressing their heartfelt wishes for a prosperous and successful year ahead. Their inspiring words resonated with the audience, instilling a sense of hope and optimism for the future. Amidst the celebrations, there were also moments of reflection, as individuals took the opportunity to look back on the challenges and achievements of the past year. It was a time for gratitude and appreciation, as everyone acknowledged the collective efforts that had brought them to this moment.

Throughout the event, MD Dr. K. Chandra Obul Reddy Garu, Correspondent Smt. K. Rajeswari Garu, and Principal Dr. M.V Rathnamma Garu actively engaged with attendees, exchanging warm greetings and fostering connections within the KSNR community. Their presence added a sense of unity and camaraderie to the celebration, reinforcing the bonds that bound them together as a school family. MD of KGI Dr. Reddy Garu, Correspondent Madam slices the delicious cake and distributed to all the attendees. A memorable photoshoot was held at KSNR Ghat had been a resounding success, leaving everyone inspired and energized for the opportunities that lay ahead in the coming year.

VOTER AWARENESS PROGRAMME – NEW VOTER ENROLMENT

A watershed moment occurred in the midst of a thriving educational institution ensconced in the dynamic city of Kadapa, influencing the civic consciousness of its young students. KLM College of Engineering for Women, which is noted for its dedication to holistic education, and ETV Andhra Pradesh and Eenadu held a complete voter awareness program on 5th January 2024. The mission, spearheaded by the acclaimed Regional Development Officer (RDO), Mr. Madhu Sudhan Garu, and the revered Principal, Dr. M. V. Rathnamma Garu, sought not only to enlighten but also to inspire the future generation of voters.

The KLM auditorium was buzzed with excitement as students, staff, and guests arrived for the occasion. Adorned with banners stating "Your Vote, Your Voice," the mood was charged with the promise of empowerment and civic responsibility. The program began with a moving speech by Dr. Rathnamma, who emphasized the value of active citizenship and the power of each vote to impact the country's destiny.

RDO Mr. Madhu Sudhan, a seasoned bureaucrat with extensive knowledge of grassroots government, joined the stage next. His impressive speech revealed the whole political process, from voter registration to polling booth mechanics. Mr. Sudhan explained the difficulties of electoral bureaucracy to the enthusiastic audience using examples from his career and a realistic approach.

The voices of the kids were central to the program. As representatives of the future electorate, they presented personal tales and perspectives on the importance of voting. Each address was infused with passion and resolve, pledging to defend the democratic principles embedded in the nation's fiber. Their passionate commitments to enroll and actively engage in the voting process sparked a sense of shared duty among their peers. Following the remarks, interactive sessions were led by election authorities and student leaders. This programme addressed a wide range of questions, including the papers necessary for registration and the complexities of absentee voting. The pupils' enthusiasm was obvious as they devoured knowledge, ready to confidently navigate the political maze.

ఉత్సాహం... చైతన్యం

ఓటు నమోదుపై అవగాహన సదస్సుకు తరలివచ్చిన విద్యార్థినులు

వైపీయూ (కడప), ఒంటిమీట్లు, చింతకొమ్మడివ్వు, మ్యాన్ ఓటు: ఓటు వేయటం మా బాధ్యత. ఓటు వేసి మా భవిష్యత్తును మేమే నిర్దేశించుకుంటామంటూ యువ ఓటర్లు పేర్కొన్నారు. సగర శివారులోని కేపిల్ ఎం ఇంటినింగ్ కళాశాలలో ఈనాడు, ఈడీఏ ఆధ్వర్యంలో శుభ్రవారం నిర్వహించిన అవగాహన సైతన్య ఓటు నమోదు సదస్సును మంచి స్పందన లభించింది. ఓటు హక్కు ప్రాధాన్యం, యువత బాధ్యత, ఓటరు దరఖాస్తు విధానంపై అవగాహన పొందారు. పలువురు ఓటు గ్రహా నమోదు చేసుకున్నారు. ఆర్టీవో మధుసూదన్, తహసీల్దార్ నారాయణరెడ్డి, పిల్లవర ఎం.డి. రత్నమ్మ మాట్లాడుతూ ప్రతి విద్యార్థిని ఓటు హక్కు పొంది, ఎన్నికల్లో తప్పనిసరిగా వినియోగించుకోవాలన్నారు. ఈ సెలలో ఓటరు డిజిటీజేషన్ సందర్భంగా రక్షణ తరఫున ప్రతి గ్రామానికి విద్యార్థులను పంపి ఓటరును సైతన్యం చేయనున్నట్లు తెలిపారు. ప్రోగ్రాం సమన్వయతర్ఫ జి వెంకటేశ్వర్లు, విద్యార్థినులు, తెలెస్కూ సెల్లంద, కళాశాల ఆధ్యాపకులు, సెల్లంది పాల్గొన్నారు.

ప్రలోభాలకు లొంగొద్దు : అదినీతి లేని సమాజం కోసం వజ్రాయుధమనే ఓటు ఉపయోగించాలి. ఈ విషయంలో ఆందరినీ సైతన్యంతుల్ని చేస్తాను. ప్రలోభాలకు లొంగి భవిష్యత్తును పణంగా పెట్టవద్దని ఆందరికీ సూచిస్తాను. - ఎన్.ముస్సాన్

ప్రజాస్వామ్యం బలోపేతం : ప్రజాస్వామ్యంలో ఓటు అనేది వజ్రాయుధం. అద్భుతైన ప్రతి ఒక్కరూ ఓటరుగా నమోదు చేసుకోని నిర్భయంగా వినియోగించుకోవాల్సివే ప్రజాస్వామ్యం బలోపేతమవుతుంది. మనం వేసే ఓటుతోనే నవనవాజు నిర్మాణం సాధ్యమవుతుంది. - పునమ్మి జ్ఞానం

ఓటు వేస్తేనే ప్రశ్నించే అవకాశం : జీవితంలో మనం తీసుకునే ముఖ్య నిర్ణయాల్లో ఓటు హక్కు. అది ఎంత విలువైన సదస్సు ద్వారా తెలిసింది. మనం వేసే ఓటు వేస్తేనే, మన హక్కులపై ప్రశ్నించే అవకాశం ఉంటుంది. - కె.సుజాత

చరవాణిలో ఓటు నమోదు చేసుకుంటున్న విద్యార్థినులు

ఓటు వేయడం ముఖ్యం : యువత ఓటు హక్కును పొంది, వినియోగించుకోవడం ఎంతో అవసరం. ఉద్వేగాల కోసం ఇతర రాష్ట్రాల, దేశాలకు వెళ్లి అవసరం లేకుండా రాష్ట్రానికి పరిశ్రమల తీసుకొచ్చిన నాయకులను ఎన్నుకుంటాం. - డి.హేమాక్షి

ఇతరులకు అవగాహన కల్పిస్తా.. : ఓటుతో చేజ్ భవిష్యత్తును నిర్ణయించే నాయకులను ఎన్నుకునే అవకాశాన్ని పడులుకోను. నాతోటి వారికీ కూడా ఓటు ప్రాధాన్యంపై అవగాహన కల్పిస్తా. - ఎన్.లావణ్య

మార్పులకు శ్రీకారం చుట్టాలి : అబద్ధాలు చెప్పి అధిపతి భావాలలోకి వచ్చే నాయకులను ఓడించి, సమాజ అభివృద్ధి కోసం పాటుపడే విద్యవంతుడిని ఎన్నుకునే మార్పును కోత్ర ఓటర్లంతా శ్రీకారం చుట్టాలి. ప్రజలకు సేవ చేయాలనుకునే వారిని గెలిపించుకోవాలి. - ఎం.లక్ష్మి ప్రసన్న

As the day progressed, a symbolic ceremony marked the end of the program. Standing together, students made commitments to register to vote and encourage their friends to do the same. These promises, signed with optimism and resolve, indicated a commitment to preserving democracy via active engagement.

The Voter Awareness Program's echoes extended beyond KLM College. Social media initiatives launched by motivated students amplify the idea of electoral duty. Collaborations with local media sources meant that the program's influence was felt in communities far and wide, sparking a chain reaction of civic participation. In retrospect, the Voter Awareness Program at KLM College of Engineering for Women

serves as a beacon of hope and empowerment. It demonstrated the transforming power of education in developing responsible people. Looking ahead, the seeds of knowledge planted today will grow into a future in which every vote counts and democracy thrives.

'ఈనాడు-ఈటీవీ, కేఎల్ఎం మహిళా ఇంజనీరింగ్ కళాశాల సంయుక్త ఆధ్వర్యంలో అవగాహన సదస్సు

స్కూలునుండి, వైవీయూ (కడప), ఒంటిమిట్ట, చింతకొమ్మడిన్లు

దేశ భవిష్యత్తును నిర్ణయించే అధికారం యువత చేతుల్లోనే ఉందని, ఓటు అనే వజ్రాయుధాన్ని ప్రతి ఒక్కరూ వినియోగించుకోవాలని కడప ఆర్టీవో మధుసూదన్ పేర్కొన్నారు. 'ఈనాడు, ఈటీవీ ఆంధ్ర ప్రదేశ్, ఈటీవీ భారత్, కేఎల్ఎం మహిళా ఇంజనీరింగ్ కళాశాల' సంయుక్త ఆధ్వర్యంలో శుక్రవారం కళాశాలలోని ఆడిటోరియంలో ఓటు నమోదు చైతన్యంపై అవగాహన సదస్సు నిర్వహించారు. ముఖ్యఅతిథిగా హాజరైన ఆర్టీవో మాట్లాడుతూ ఓటును బ్రహ్మాస్త్రంగా వినియోగించే చక్కని అవకాశం యువత చేతుల్లోనే ఉందన్నారు. 18 ఏళ్లు నిండినవారంతా ఓటరుగా నమోదై తమ బాధ్యతను నెరవేర్చాలని సూచించారు. అందరూ ఓటు వేస్తేనే సమభారత నిర్మాణం సాధ్యపడుతుందని, దీని కోసం యువత ముందుకు రావాలని పిలుపునిచ్చారు. చింతకొమ్మడిన్లు తహసీల్దారు నారాయణరెడ్డి మాట్లాడుతూ ఎన్నికల్లో ప్రతి ఓటు ఎంతో కీలకమని, రాజ్యాంగం కల్పించిన ఓటుహక్కును ప్రతిఒక్కరూ సద్వినియోగం చేసుకోవాలని సూచించారు. తాము వేసే ఓటుతోనే నియోజకవర్గం, రాష్ట్రం, దేశాభివృద్ధి ఆధారపడి ఉంటుందన్న విషయాన్ని విద్యార్థులు తెలుసుకోవాలన్నారు. కళాశాల ప్రిన్సిపల్ రత్నమ్మ మాట్లాడుతూ ఎన్నికల్లో ప్రలోభాలకు, కుల, మత, వర్గ వివక్షతకు తావులేకుండా నేతలను ఎన్నుకోవాలని పిలుపునిచ్చారు. యువతను జాతి నిర్మాణంలో భాగస్వాములు చేయాలనే ఆశయంతో ఇలాంటి కార్యక్రమాలు నిర్వహిస్తున్న 'ఈనాడు-ఈటీవీ'ని అభినందించారు. కార్యక్రమంలో రెవెన్యూ సిబ్బంది, కళాశాల అధ్యాపకులు, విద్యార్థినులు పాల్గొన్నారు.

ఓటు నమోదు చేసుకుంటున్న విద్యార్థినులు

ఓటు విలువ తెలియజేస్తాను - తనీషా

యాప్ ద్వారా ఓటరుగా నమోదు చేసుకున్నాను. వచ్చే ఎన్నికల్లో తొలిసారి ఓటు వేస్తాను. సదస్సులో అన్ని విషయాలపై అవగాహన కలిగింది. ఇతరులకూ ఓటు విలువ తెలియజేసి, అందరూ తప్పనిసరిగా ఓటుహక్కు వినియోగించుకునేలా కృషి చేస్తాను.

అవగాహన కల్పించారు - వైష్ణవి

ఓటు ప్రాధాన్యంపై సదస్సులో అవగాహన కల్పించారు. ఓటు ఎంత విలువైనదో తెలుసుకున్నాను. ఓటు నమోదుకు దరఖాస్తు చేసుకున్నాను. రానున్న ఎన్నికల్లో ఓటును సద్వినియోగం చేసుకుంటాను.

మంచి వారిని ఎన్నుకుంటేనే భవిష్యత్ - కుక్కిత

యువత ఆలోచనలపైనే దేశ భవిష్యత్ ఆధారపడి ఉంది. మంచి నేతలను ఎన్నుకున్నప్పుడే ప్రజలకు మేలు జరుగుతుంది. సమాజం ఆభివృద్ధి పథంలో పయనిస్తుంది. సదస్సులో ఓటు నమోదు చేసుకున్నాను.

అందరికీ అవగాహన కల్పిస్తా - చంద్రజ్యోతి

ఓటు నమోదు చేసుకోవడం సంతోషంగా ఉంది. వచ్చే ఎన్నికల్లో మొదటిసారి ఓటుహక్కు వినియోగించుకుంటాను. సదస్సు నిర్వహించిన ఈనాడు యాజమాన్యానికి కృతజ్ఞతలు. అందరూ తప్పనిసరిగా ఓటు వేసేవిధంగా అవగాహన కల్పిస్తాను.

ఒక్క ఓటుతో అంతా తారుమారు - అంజలి

ఒక్క ఓటుతో విజయం తారుమారవుతుందని సదస్సు ద్వారా తెలిసింది. నా ఒక్క ఓటే కదా అని అశ్రద్ధతో వేయకుండా ఉండకూడదు. అదే ఒక్క ఓటుతో ఓడినవారు, గెలిచిన వారన్నారు. ఎంతో విలువైన హక్కును అందరూ తప్పనిసరిగా వినియోగించుకోవాలి.

CORRESPONDENT MADAM'S BIRTHDAY CELEBRATIONS

The students clamored excitement and enjoyment was found at KLM yesterday on the eve of 70th birthday of our lovable Correspondent Smt. K. Rajeswari madam. The student's adrenaline was pumping, the entertainment was at Pinnacle to the much delight of students and staff assembled here. The grand gala birthday celebrations kicked off with cultural events by KLMCEW and KSRMCE, which enthralled the audience, most of them were spellbound by the stunning performances.

Later a promo video of yet to be released movie, "Kaliyugam Pattanamlo" has been released, in which a song depicting mother's love was screened, touched almost every heart, the lyrics was heart touching, and the song "Jo Lali Amma" has been dedicated to mother of MD sir by him on the eve of her birthday. In his address to the audience Managing Director, Dr. K. Chandra Obul Reddy Garu felt that his mother was immeasurable and unfathomable and also felt that he is really indebted to her for the life he gave to him.

Later a mouthwatering delicious cake has been sliced by the correspondent, which was served to each and every one. Later all the staff conveyed birthday wishes to madam, and then sumptuous dinner was served to all the invitees. Principals of KSRM, KLMCEW, HODs, staff, teaching, non-teaching went with bagful of memories.

KLMCEW GOT SANCTIONED “MSME–BUSINESS INCUBATION CENTER”

In a remarkable achievement for supporting innovation and entrepreneurship, KLM College of Engineering for Women in Kadapa has been designated as an MSME Incubation Center. This project strives to empower students and local entrepreneurs by providing them with the necessary tools, guidance, and infrastructure to turn their business ideas into profitable companies.

The MSME Incubation Center aims to become a hub of innovation and cooperation, providing cutting-edge facilities and support services suited to the requirements of aspiring entrepreneurs. It will act as a catalyst for economic growth in the region, enabling both students and community members to pursue their entrepreneurial dreams in a supportive atmosphere.

The authorization demonstrates KLM College of Engineering for Women and its partners' commitment to promoting innovation and socioeconomic development. The Incubation Center, by bridging the gap between academics and industry, aims to shorten the route from conception to execution, contributing to the larger goal of developing an entrepreneurial culture among women in engineering.

WORKSHOP ON ENTREPRENEURSHIP AND INNOVATION AS CAREER OPPORTUNITY

The "Entrepreneurship and Innovation as Career Opportunities" workshop at KLM College of Engineering for Women served as a catalyst for empowering women to embrace entrepreneurship as a viable career path. Under the visionary leadership of Mrs. Pavani and Dr. T. Lakshmi Narayana, the event exemplified the college's commitment to nurturing a culture of innovation and equipping students with the skills and mindset needed to thrive in today's rapidly evolving economy.

In essence, the workshop not only illuminated the transformative power of entrepreneurship but also underscored the pivotal role of educational institutions in shaping future leaders and innovators. By fostering an entrepreneurial mindset and providing tangible support through initiatives like the IIC, KLM College of Engineering for Women continues to pave the way for women to excel as trailblazers in technology and entrepreneurship. Principal Dr. M.V. Rathnamma Garu and MD of KGI Dr. K. Chandra Obul Reddy Garu appreciated the convener and resource person.

SANKRANTHI PRE-CELEBRATIONS

The pre-Sankranti celebrations were held in KLM College of Engineering for Women with a lot of eyeballs. Rangavallu, Haridas, Gangireddu, traditional dishes, bogie fires, kites and many more entertained the students. First the bonfires were lit and college correspondent Mrs. Rajeshwari started the celebrations, then muggle competitions and kolatam were held, then bonfires and traditional dishes were served, and cultural programs entertained the guests. Correspondent Smt. K. Rajeswari Garu, MD of KGI Dr. K. Chandra Obul Reddy Garu, Principal Dr. M. V. Rathnamma Garu, all wished Sankranti.

KLM College of Engineering for Women celebrated Sankranti with lively celebrations that attracted everyone who attended. The well-attended event provided a rich tapestry of old rituals and modern delights, ensuring that everyone engaged had a wonderful celebration. The festivities began with the lighting of bonfires, which symbolize warmth and communal spirit. Mrs. Rajeshwari, the college reporter, kicked off the festivities, setting the tone for an evening rich with cultural heritage and cheerful exuberance.

The festival proceeded with heated competitions that showcased creative skill. Muggulu tournaments, which featured detailed traditional rangoli drawings on the paths, showcased the contestants' inventiveness and cultural pride. Kolatam, a traditional folk dance, brought rhythm to the festivities, tying together past and present in a brilliant show of unity. The perfume of traditional nourishment filled the environment, beckoning people to experience the pleasures of Sankranti. From delicious treats to gourmet snacks, the culinary offerings exemplified heritage and culinary mastery. Against the backdrop of bonfires, guests experienced moments of warmth and friendship, forming relationships that across generational and cultural lines.

The evening finished in cultural performances that highlighted the abilities of both students and guests. Dance acts, musical interpretations, and theatrical presentations enthralled the audience, showcasing the KLM community's variety and inventiveness. These performances not only entertained, but also helped to increase awareness for cultural heritage and artistic expression. Throughout the festivities, words of kindness and happy greetings rang out from prominent KLM College of Engineering for Women students and staff. Correspondent Smt. K. Rajeswari Garu, Managing Director Dr. K. Chandra Obul Reddy Garu, and Principal Dr. M. V. Rathnamma Garu all sent their best wishes for Sankranti, highlighting the college's culture of tradition, solidarity, and community spirit.

NATIONAL YOUTH DAY

“National Youth Day” in India holds immense significance as it celebrates the legacy of Swami Vivekananda and empowers the youth to realize their potential and contribute meaningfully to society. It serves as a beacon of hope and inspiration for generations to come, fostering a nation of responsible, compassionate, and visionary leaders. So, "NATIONAL YOUTH DAY" was observed on 12th January 2024 on the eve of 161st birth anniversary of Swamy Vivekananda. First floral tributes were paid and garlanded to his portrait by the Correspondent. The representatives of Vivekananda mission inspired students about the teachings of Vivekananda. They exhorted students to walk in the path of Vivekananda and they gave them anecdotes based on the life of Vivekananda. Swami Vivekananda's teachings and philosophy continue to inspire millions of youth not only in India but around the world. He emphasized the ideals of fearlessness, strength, and self-confidence among young people, urging them to contribute positively to society and to strive for personal and national upliftment. Swami Vivekananda believed in the concept of 'Man Making, Nation Building'. National Youth Day encourages young people to take up social responsibilities, participate in community service, and contribute towards the welfare of society.

The inputs given by the members inspired many students like how he awakened youth with his valuable teachings and why his birthday is observed as Youth day was vividly explained. They asked students to take him as source of inspiration and asked to believe in facts but not in beliefs. The programme was attended by Correspondent, Principal, staff, and students.

FOOD FESTIVAL

First time in KLM, KLM College of Engineering for Women recently hosted a vibrant and flavorful Food Festival, showcasing a delightful array of culinary delights that captured the essence of cultural diversity and gastronomic excellence. Held amidst the picturesque campus, the event not only tantalized taste buds but also celebrated the rich tapestry of flavors from across the region. In this food expo was conducted today, in which several students enthusiastically prepared mouthwatering delicious food items. Interestingly, the lip-smacking dishes were affordable, made everyone to taste the items. The taste buds of staff were rejuvenated by tasting the dishes. The food items served were finished on a brisk note, with in no time. Vada and chicken curry hogged the limelight of many.

Complementing the gastronomic extravaganza were vibrant cultural performances that added rhythm and charm to the festivities. Dance recitals, musical performances, and traditional art displays enriched the cultural tapestry of the event, celebrating the diversity and talent within the KLM College community. The Food Festival at KLM College of Engineering for Women also emphasized the importance of promoting local cuisine and sustainable food practices. Participants showcased dishes made from locally sourced ingredients, highlighting the importance of supporting local farmers and sustainable agricultural practices.

NATIONAL GIRL CHILD DAY

On the eve of "NATIONAL GIRL CHILD DAY" 24th January, addressing the gathering she said gone are the days, when girls were submissive, the future is very promising for girls, she also exhorted to have health conscious. The girls who came from different schools had a patient listening to her. In her speech she also emphasized the girls to have courage and asked them to develop in step by step and asked them to not over think any matter and asked them to maintain distance from depression, with confidence she said impossible things are also possible with perseverance and determination. She boosted up confidence among the girls. She tried to instill confidence by saying about few successful people in society by showing some slides and felt that girls are no way inferior to boys.

A few students dressed like Indira Gandhi, Mother Teresa, Mary Kom, Kalpana Chawla, P. V. Sindhu, Mithali Raj etc., hogged the limelight of the audience and to the much delight of audience they told about the great persons in which they dressed. Sri Mahesh Naik, Coordinator of the program spoke a few words about the importance of Diploma education now a days, he vividly explained the advantages of pursuing Polytechnic education after SSC.

Later, a few science experiments were exhibited for students to gain hands on experience instantly, knowing the rudiments of Science. The students were on cloud nine by the good knowledge they gained here today, the went with cheerful faces with bagful of loaded memories. The programme was a success beyond the expectations. HODs, staff, Students coordinators, anchors of the program Rubeena and Arshiya of III CSE took part.

NATIONAL VOTERS' DAY

On the eve of 14th "VOTERS' DAY" today an awareness program has been organized, to mark the occasion. To create awareness among students, who are going to vote for the first time in forthcoming elections in A.P. It was well organized event, in which mock polling was conducted, to which nominations were filed by the students for the post of CR from each branch. The contestants campaigned and polling was held on 25th January 2024. A polling station was made a ballot box, indelible ink, presiding officers, observers, returning officer, a lady police constable was placed like a real polling booth. A queue line was formed and students stood in line used their adult franchise. The students were enthusiastic in participating the polling.

The polling booth was visited by M.D Dr. K. Chandra Obul Reddy Garu, and went through the booth and appreciated the initiative taken by the Faculty. He interacted with a few students. Later, in the afternoon counting was held at principal chamber, and winners were announced officially. Principal, HODs, staff, non-teaching, student's active involvement in unison made the event successful. The entire credit goes to KLM family.

To create awareness on voting procedure in a big democratic country like India, an awareness on voting has been conducted to elect representatives of the classes has been conducted on 25th January, to mark the occasion. In continuation of the above, to declare the winners officially in voting, a program has

been organized, in which two students Anjali of II ECE and Muskan Tarannum delivered speeches on voting system in our country.

Speaking on the occasion principal emphasized the importance of Adult franchise, asked students to whatever the awareness they got here can be shared to their dear ones in the vicinity and asked students to cast their vote by not to be lured by parties.

The results were announced by V.R.John Devanand.

Winners are as listed in below table

Were emerged victorious 🍀🍀🍀🍀🍀🍀🍀

All HODs, staff, teaching and non-teaching took part

S. No	Class/Section	Name of the Winner
1	II ECE	Enapati Poojitha
2	II CSE A	Gangireddy Kusmitha
3	II CSE B	L.Vyshnavi
4	III AI &ML	B.V.N.V.Thanuja
5	III CSE	Maile Dharani
6	III ECE	Gereddy Lohitha
7	I M.B.A	G.Vengamamba
8	I DECE	Uppara Udayasree
9	I DAI	J.Vyshnavi
10	I CSE	S.Susmitha

REPUBLIC DAY CELEBRATIONS

75th Republic Day celebrations were held amid much patriotic fervor today. The Managing Director got a ceremonious welcome by beating of drums and showering of petals on him, he unfurled the tricolor and saluted the flag, then a March past has been organized in honor of the management, from which he received salute from the students, as a mark of respect. March past contingent was headed by Thasifa holding the tricolor. On this occasion M.D of KGI Dr. Kandula Chandra Obul Reddy sir asked students to rededicate themselves in developing the nation and exhorted them gain skills besides academic excellence, he felt that possessing skills is the need of the hour and students with skills will have plethora of opportunities. Principal asked students to transform the country to developed nation from present developing nation and asked students to strive hard in building the nation for the next generation.

Then the much-awaited pyramids have been exhibited on the stage, which drew attention of many and it was an astonishing performance made the audience spellbound. The audience had goosebumps for a few minutes. There were applaus from M.D sir for the pyramid feats and posed to lensmen along with the students. In the end National anthem was sang in chorus and sweets were distributed to all before they dispersed. It's a novel experience for the staff and students to participate in such a eventful program, students who were present in good numbers had a memorable day. HODs, staff, teaching, non-teaching and P.D took part. The programme culminated with a vote of thanks by John Devanand.

REMEMBRANCE DAY OF GANDHIJI

The death anniversary of Mahatma Gandhi was honored with profound regard and thought at KLM College of Engineering for Women in Kadapa, highlighting the timeless relevance of his teachings in today's society. Principal Dr. M. V. Rathnamma Garu's talk to the audience captured the core of Gandhiji's teachings and their importance in creating a harmonious society. The memory service began with a respectful assembly of students, educators, and staff who came to honor the Father of the Nation. The mood was charged with awe as attendees pondered on Gandhiji's life, his battle for India's freedom, and his everlasting dedication to truth, nonviolence, and social justice.

Principal Dr. M. V. Rathnamma Garu presented a moving speech that reflected Gandhiji's values. She stressed the relevance of Gandhian values such as honesty, simplicity, tolerance, and respect for variety in today's society. Her address encouraged students to apply these timeless ideas to their daily lives and become responsible citizens committed to constructive change. The participants at KLM College of Engineering for Women discussed and reflected on Gandhiji's ideology, investigating its importance in promoting peace, harmony, and sustainable development. Students discussed how Gandhian ideas might help them handle modern issues such as social inequity, environmental sustainability, and ethical leadership.

The Gandhiji memorial at KLM College of Engineering for Women was a moving homage to a visionary leader whose values continue to guide and inspire generations. The event reiterated the college's commitment to developing ethical leadership and responsible citizenship in its students via critical thoughts, meaningful dialogue, and cultural manifestations. In essence, the event was a moving reminder of Gandhiji's lasting legacy and the tremendous influence of his teachings on creating a more equitable and compassionate society.

P. VIHITHA - SELECTION TO JNTUA HANDBALL TEAM

In a remarkable achievement for both herself and KLM College of Engineering for Women Kadapa, Miss P Vihitha was selected to represent the JNTUA (Jawaharlal Nehru Technological University Anantapur) interuniversity handball team. Her participation included competing in prestigious games hosted at Periyar University in Salem, Tamil Nadu, showcasing her skill, dedication, and the college's commitment to fostering athletic talent.

Vihitha's journey began with rigorous training and dedication, honing her skills under the guidance of mentors and coaches at KLM College of Engineering for Women Kadapa. Her selection to the JNTUA team not only recognized her individual talent but also underscored the college's support and encouragement for students pursuing excellence in sports.

As a proud ambassador of her institution, Vihitha competed with zeal and sportsmanship at the interuniversity handball games held at Periyar University, Salem. Her participation not only showcased her athletic prowess but also highlighted the high standards of sports education and training offered at KLM College of Engineering for Women Kadapa. Throughout her journey, Vihitha received unwavering support from her college, including faculty members, peers, and staff. Their encouragement and belief in her capabilities played a crucial role in her success, reinforcing the college's commitment to nurturing all-round development and excellence among its students.

Vihitha's achievement in being selected to the JNTUA interuniversity handball team and participating in competitive games at a national level is a testament to her hard work, determination, and skill. It also reflects the college's dedication to providing opportunities for students to excel beyond academics and in the field of sports. Vihitha's success story serves as an inspiration to her peers and future students of KLM College of Engineering for Women Kadapa. Her journey underscores the importance of perseverance, dedication, and seizing opportunities to showcase talent on a larger stage. It also reinforces the college's commitment to holistic education and the holistic development of its students.

POLYTECHNIC (DIPLOMA) – INSPECTION COMMITTEE VISIT

5th February 2024

Principal Dr. M. V. Rathnamma Garu played a crucial role during the Diploma Inspection Committee visit with the members of David, Ashok Raman, and Mahaboob Basha to KLM College of Engineering for Women in Kadapa on February 5, 2024. She received the inspection committee and facilitated the verification process by providing all necessary documents related to the diploma program. Her assistance ensured that the inspection was conducted smoothly and that the committee had access to the required information and facilities for their assessment. This proactive support from the principal is essential in ensuring compliance and maintaining standards in educational institutions.

It sounds like Sri. David, Sri. Ashok Raman, and Sri. Mahaboob Basha conducted a thorough inspection at KLM College of Engineering for Women in Kadapa on February 5, 2024. They reviewed a wide range of documents and facilities related to the diploma program, including: Lab stock registers, Staff records, Lab manuals, Lab records, Examination section and confidential room, CC Camera facilities, Laboratories, Central library, Digital library, Wash rooms and Toilets, Ramp facility, Fire safety measures, Academic section, NSS unit (National Service Scheme), Sports cell, Women empowerment cell, Women's waiting hall, Class rooms, Electricity facilities, Computer facilities. This comprehensive inspection likely aimed to assess the overall quality and compliance of the college's facilities and administrative processes for the diploma program.

The committee members expressed satisfaction and appreciation to Principal Dr. M. V. Rathnamma Garu for providing high-quality education and state-of-the-art infrastructure to the diploma students at KLM College of Engineering for Women in Kadapa. This positive feedback reflects well on the efforts of the college administration in ensuring a conducive learning environment and excellent facilities for the students pursuing their diploma education. Such recognition reinforces the commitment of the institution towards academic excellence and overall student development.

The KLM College of Engineering for Women in Kadapa offers several diploma courses in Engineering disciplines. As of now, this institute provides the following diploma programs:

1. DECE - Diploma in Electronics and Communication Engineering
2. DCME - Diploma in Computer Engineering
3. DEEE - Diploma in Electrical and Electronics Engineering
4. DAI - Diploma in Artificial Engineering

These diploma courses cater to students interested in pursuing careers in various branches of Engineering, providing them with practical skills and knowledge necessary for the industry. This institute exclusively helpful in shaping the brighter way the professional career of women students of Rayalaseema vicinity which is a backward area in Andhra Pradesh.

Date: 2024-02-14, Edition: YSR Kadapa, Pg.No: 1
Source: <https://epaper.prajasakti.com>

On February 13, 2024, KLM College of Engineering for Women, Kadapa, celebrated World Radio Day with the theme "Radio: A Century informing, entertaining, and educating." The event was coordinated by Dr. T. Lakshmi Narayana, and he shared his experience, highlighting the enduring significance of radio as a medium for communication, information sharing, entertainment, and education. He emphasized how radio has stood the test of time, remaining a popular and effective tool for reaching out to communities and disseminating valuable information.

Mr. John Devanand, the NSS Coordinator, described the significance of a radio as "Radio: A Century of Informing, Entertaining, and Educating," which encapsulates the enduring role of radio over the past hundred years as a powerful medium for communication, education, and entertainment. Since its inception, radio has played a pivotal role in disseminating information, sharing stories, connecting communities, and educating listeners on a wide range of topics. It has served as a reliable source of news during times of crisis, a platform for cultural expression, and a means of preserving oral traditions. The theme underscores radio's timeless relevance and its ability to adapt and thrive in an ever-changing media landscape, continuing to inform, entertain, and educate listeners around the globe. Principal Dr. M.V. Rathnamma Garu appreciated the coordinators for their initiative to conduct such a valuable session.

VASANTHA PANCHAMI – SARASWATHI POOJA

14th February 2024

On February 14th, 2024, KLM College of Engineering for Women in Kadapa celebrated Vasantha Panchami, also known as Saraswathi Pooja, with great enthusiasm. This festival holds significant cultural and educational importance, particularly honoring Goddess Saraswathi, the deity of knowledge, music, arts, wisdom, and learning.

The students took the initiative to arrange an idol of Goddess Saraswathi and meticulously organized the pooja ceremony. The idol was adorned with flowers, and traditional offerings were made to invoke the blessings of Goddess Saraswathi for wisdom and success in academics. Dr. T. Lakshmi Narayana, Head of the Department (HOD) of Electronics and Communication Engineering (ECE), delivered a significant address to the gathering. He enlightened everyone on the spiritual and cultural significance of Vasantha Panchami.

Dr. Narayana emphasized the importance of knowledge and learning in the pursuit of academic excellence and personal growth. The celebration witnessed active participation from all Heads of Departments (HODs), faculty members, and students of the KLM College of Engineering for Women. This inclusive participation highlighted the unity and cultural diversity within the institution, fostering a sense of community and shared values among all participants.

Vasantha Panchami marks the onset of spring and is dedicated to Goddess Saraswathi, symbolizing the onset of learning and creative arts. It is considered auspicious for beginning new ventures, especially in the realm of education and academics. The celebration at KLM College not only honored tradition but also reinforced the importance of knowledge, wisdom, and cultural heritage among students and faculty alike.

COMPUTER DIGITAL LITERACY DAY 2024

February 15th 2024

On February 15th, 2024, the Department of AI&ML at KLM College of Engineering for Women in Kadapa organized a vibrant celebration of Computer Digital Literacy Day. This event was not only a platform for showcasing students' creativity but also a pivotal moment to emphasize the importance of digital literacy in today's interconnected world. The celebration commenced with an array of activities aimed at promoting digital literacy among students and fostering awareness about its significance in both urban and rural settings. Here's a detailed account of the event: Students enthusiastically participated in preparing and exhibiting posters that illustrated various aspects of digital literacy. These posters served as visual aids to communicate the benefits of being digitally literate and how it empowers individuals to navigate the digital landscape effectively.

Mr. B. Mahesh Nayak, Head of the Department of AI&ML, and Mr. D. Srinivasulu, Head of the Department of Computer Science and Engineering (CSE), played pivotal roles in guiding and motivating the students. They delivered insightful speeches highlighting the transformative impact of digital literacy and its relevance in today's technological era. During the event, Mr. Nayak and Mr. Srinivasulu encouraged AI and computer science students to actively engage in promoting digital literacy initiatives,

especially among the underprivileged and rural communities. They inspired the students to take a pledge to contribute towards bridging the digital divide by sharing their knowledge and skills with those who have limited access to technology. The HODs stressed the importance of digital literacy, explaining how it encompasses not just the ability to use digital tools but also understanding the ethical and responsible use of technology. They emphasized the need for continuous learning and adaptation in the digital age to stay competitive and contribute meaningfully to society. Digital literacy was portrayed as a gateway to empowerment, enabling individuals to access information, communicate effectively, and participate in the digital economy. The event underscored that digital literacy is essential not only for academic and professional success but also for personal development and social inclusion.

Students actively participated in discussions and interactive sessions focused on practical aspects of digital literacy, such as online safety, digital skills development, and leveraging technology for societal benefit. They showcased innovative ideas on how digital literacy can be promoted through community outreach programs and educational initiatives.

The event concluded with a commitment from both faculty and students to continue promoting digital literacy as a core value of education at KLM College of Engineering for Women. It was recognized that by nurturing digital literacy skills among students, the college contributes to building a more equitable and digitally inclusive society.

AWARENESS PROGRAM ON TECHNICAL PAPER WRITING AND SELECTION OF JOURNALS, INDEXING, CITATIONS AND IMPACT FACTOR

19th February 2024

The Department of ECE and R&D Cell of KLMCEW, Kadapa conducted an awareness program on technical paper writing, selection of journals, indexing, citations, and impact factor. Dr. M. Venkata Narayana, R&D Dean and Professor in ECE at KSRRM College of Engineering, Kadapa, served as the resource person and delivered lectures on these critical topics. This program covered various aspects related to publishing research in reputable national and international journals.

Guidance on choosing suitable journals for publication, emphasizing journals indexed in databases like UGC Care, Scopus, Web of Science, and other science citation indexes. Understanding the

significance of journals being indexed in reputed databases such as UGC Care, Scopus, and Web of Science, which enhance the visibility and credibility of research publications. Educating participants on how to find citation metrics and impact factors of journals, which are crucial indicators of a journal's influence and readership within the academic community.

This initiative by the coordinator Mr. Ameenulla Shaik and Convener Dr. T. Lakshmi Narayana aimed to empower faculty members, researchers, and students at KLMCEW Kadapa with the necessary knowledge and skills to effectively publish their research in recognized journals, thereby contributing to the dissemination of knowledge and academic growth within the institution.

INTERNATIONAL MOTHER LANGUAGE DAY

21st February 2024

On February 21st, 2024, KLM College of Engineering for Women in Kadapa embraced the spirit of linguistic diversity and cultural heritage by commemorating International Mother Language Day. This day is observed worldwide to promote linguistic and cultural diversity and to raise awareness about the importance of mother languages in maintaining cultural identity and promoting mutual respect among different linguistic communities.

The celebration at KLM College of Engineering for Women was marked by insightful speeches from Principal Dr. M. V. Rathnamma and the program coordinator, Mrs. D. Prabhavathi. Their addresses highlighted the significance of mother languages and emphasized their role in shaping individual identities and fostering intercultural understanding.

Dr. M. V. Rathnamma, as the principal of the college, delivered a poignant speech underscoring the importance of mother languages. She emphasized that language is not just a means of communication but a crucial component of cultural heritage and personal identity. Dr. Rathnamma stressed the need for preserving and celebrating mother languages as a way to promote inclusivity and respect for diverse cultures within the college community and beyond. Her speech resonated with the audience, inspiring them to cherish and uphold their linguistic roots.

Mrs. D. Prabhavathi, the coordinator of the program, provided further insights into the significance of International Mother Language Day. She discussed the history of the day's observance and its global impact in promoting linguistic diversity and cultural harmony. Mrs. Prabhavathi highlighted the role of education in nurturing multilingualism and fostering a deeper appreciation for languages spoken by various communities represented within the college. Her speech encouraged students to take pride in their mother languages and to actively participate in activities that promote linguistic diversity and cross-cultural understanding.

PLACEMENTS AT KLMCEW

Bengaluru based ExcelR aptitude test link, conducted Campus drive, in which 6 of our Final B.Tech students got selected. G. YASASWINI (CSE), P. GOWTHAMI (CSE), S. AMREEN (CSE), P. AMMAJAN (CSE), S. PAVANI (ECE), S. ANJUM (ECE).

The above students proved their mettle in all the rounds held. The innate talent of them was exposed to the brim. The selected students were given offer letters, to join 3 months of Training at free of cost, excluding accommodation, which should be borne by the candidates. After successful completion of training, the students will be absorbed by the ExcelR, with package of 3 to 5 lakhs per annum. The students will be joining training in the month of March. Managing Director Dr. K. Chandra Obul Reddy sir, Correspondent Smt. K. Rajeswari madam lauded the efforts of students who got placed, Principal Dr. M. V. Rathnamma garu, Training and placement officer, Mahesh Naik, expressed happiness over the selection of 6 students and wished them splendid future. All HODs, staff teaching and non-teaching wished all successful careers for the students.

NATIONAL SCIENCE DAY 2024

28th February 2024

On February 28th, 2024, KLM College of Engineering for Women in Kadapa enthusiastically celebrated National Science Day, commemorating the discovery of the Raman Effect by Sir C.V. Raman. The day was marked with various competitions and activities aimed at fostering scientific curiosity, innovation, and academic excellence among students across different disciplines.

Event Highlights and Competitions:

Project Expo: Students from Diploma, B.Tech, and MBA programs showcased their innovative projects. The Project Expo provided a platform for students to demonstrate their practical application of scientific principles and technological advancements.

Model Presentation: Participants presented models representing scientific concepts or engineering solutions. This competition encouraged students to explore creativity and engineering design principles in a competitive environment.

Innovative Idea Presentation: Students pitched their novel ideas in various fields of science and technology. This competition promoted entrepreneurial thinking and problem-solving skills among participants.

Poster Presentation: Visual displays were used to communicate scientific research, findings, and innovations. Poster presentations allowed students to effectively communicate complex scientific ideas and research outcomes.

Quiz Competition: A quiz was conducted to test participants' knowledge across different scientific disciplines. This interactive competition encouraged students to deepen their understanding of scientific concepts and current developments in science and technology.

Students from Diploma, B.Tech, and MBA programs actively participated in all competitions, demonstrating their enthusiasm for scientific inquiry and innovation. Their engagement highlighted their commitment to exploring and advancing knowledge in their respective fields of study.

Principal Dr. M.V. Rathnamma played a pivotal role in the event by observing and evaluating all projects and programs as a judge. Her participation underscored the importance of scientific exploration and academic excellence within the institution. The Heads of Departments (HODs) and faculty members actively supported and supervised the events throughout the day. Their presence ensured the smooth conduct of competitions and provided guidance to students, fostering a conducive environment for learning and innovation.

The National Science Day celebration at KLM College of Engineering for Women, Kadapa, not only celebrated scientific achievements but also inspired students to explore new frontiers in science and technology. By participating in various competitions, students gained valuable experience, enhanced their skills, and showcased their talents to peers and faculty alike.

CAREER PLANNING & EMPLOYABILITY TRAINING BY RUBICON TRAINING ACADEMY – ONE WEEK PROGRAMME

4th to 8th March 2024

Conducting a "Career Planning & Employability Training" session at KLM College of Engineering for Women, facilitated by Rubicon Training Academy on March 4th to 8th, 2024, marked a pivotal event for MBA students preparing to navigate the complexities of the professional landscape. This initiative, spearheaded by Mr. C. V. Ramana, HOD of MBA, aimed to equip students with essential skills and insights vital for their career development.

The session encompassed a diverse range of topics meticulously designed to enhance employability. It included strategies for crafting effective resumes, mastering job interviews, understanding industry trends, and cultivating professional networks. Such comprehensive training not only bolstered the students' confidence but also sharpened their competitive edge in today's dynamic job market.

The enthusiastic participation and engagement of the students underscored the program's relevance and impact. Interactive workshops, mock interview sessions, and personalized career counseling provided invaluable hands-on experience and personalized guidance. These activities were complemented by expert insights shared by seasoned professionals, offering real-world perspectives and practical advice.

Dr. M. V. Rathnamma Garu, Principal of KLM College of Engineering for Women, commended Rubicon Training Academy for its proactive approach in organizing such a transformative initiative. Her acknowledgment underscored the significance of bridging academia with industry expectations, ensuring that students are not only academically proficient but also professionally prepared. As the students prepare to embark on their professional journeys, the "Career Planning & Employability Training" session stands as a testament to the institution's commitment to holistic education. By nurturing both technical acumen and soft skills, KLM College of Engineering for Women continues to empower its students to excel in their chosen fields and contribute meaningfully to society. Overall, the success of this program reaffirms the importance of collaborative efforts between educational institutions and training academies in fostering the next generation of skilled professionals ready to meet global challenges head-on.

In a colourful "International Women's' Day" celebrations held at KLM College of Engineering form Women, Kadapa on 7th March 2024. The students were on cloud nine, cherished every moment of it. Speaking on the occasion chief guest Smt. Haseena Begum Garu felt that women are playing many roles when compared to that of men, women having lot of patience and she also felt they are big at heart. She underscored that there are many successful women in the past, should be a source of inspiration and expressed that women are deprived of rights. Another guest Miss. K. Chandra Leeja Garu, a noted advocate in her address felt that women should have jurisprudence, and many laws in India are favourable to women and asked students to keep relationships at bay, she also felt that not to enter courts for family issues, which are not only time consuming and needs patience. She told that IPC (Indian penal code) has been changed to "Bharathiya Nyaya sanhitha"(BNS). Correspondent Smt. K. Rajeswari Garu conveyed wishes and remembered former correspondent her late husband Sivananda Reddy sir had respect towards women and with fond remembrance of his mother KLMCEW has been established, she felt.

Principal of KLMCEW Dr. M. V. Rathnamma Garu in her address said that taking birth as women is really fortunate unlike past days, where women were victims of sufferings. She exhorted to women to cultivate the much needed moral and ethical values in society.

She felt that Economic growth is the need of the hour. She expressed her anguish that parents still going to scanning centres to know the gender. She asked women to have empowerment to stand on their own feet. KORM correspondent Smt. S. Likitha Garu in her address asked to highlight the problems faced by women and asked women to overcome fear, and expressed apprehension over increasing attacks on women and felt sorry for deep rooted gender bias.

The dignitaries were felicitated on the occasion. Later, students' performances enthralled audience with awesome performance, the highlight among it was students clad in different Indian states, won many hearts. subsequently some fun games were organized and programme culminated with vote of thanks. The spacious humungous auditorium gave a different and memorable experience. Students dispersed with bagful of loaded memories.

TOPPERS IN JNTUA – EXTERNAL EXAMINATIONS – AY 2023-24 ODD SEMESTER

In a significant achievement for the Electronics and Communication Engineering (ECE) and Computer Science and Engineering (CSE) departments at KLM College of Engineering for Women (KLMCEW), Kadapa, seven exceptional students have emerged as the toppers in the B.Tech IV Year I Semester (R20) Regular JNTUA Examinations held in December 2023/January 2024.

Toppers

B.Tech IV Year I Semester (R20) Regular Examinations,
December/January 2024

HALL TICKET NUMBER	NAME OF THE STUDENT	PERCENTAGE	RANK

The names of these outstanding students are B. Sravani, S. Pavani, D. Fathima Ruksar, and P. Swetha from ECE and P. Ammajan, M. Sowjanya and V. Jeevitha from CSE. Their accomplishment not only reflects their personal dedication and academic prowess but also underscores the commitment of KLMCEW to fostering excellence in education. They have demonstrated exemplary performance in their studies, achieving top ranks in their respective semester examinations. Their success is a testament to their diligence, perseverance, and intellectual capabilities nurtured through the rigorous academic environment provided by KLMCEW. These students have not only excelled academically but have also contributed positively to the academic culture and community at the institution.

In the same way, JNTUA – B.Tech III Year I Semester (R20) Regular Examinations S. Arshiya, Y. Madhuri and S. Darbarni from CSE department and B. Kalpana Reddy, C. Lavanya and B. Vanistha achieves first, second and third position in their exams from CSE and AI&ML departments. Similarly, P. Deepika, K. Deepika, P. Lakshmi Devi and V. Manaswani from II MBA III Semester stood in first, second, third and fourth places from KLMCEW in the results of JNTUA - II MBA III Semester Examinations. Also, from I MBA I Semester many students of KLMCEW were achieved good percentage in their external examinations conducted by JNTUA.

The recognition and appreciation extended to these students by the management of KLMCEW, including Managing Director Dr. K. Chandra Obul Reddy Garu, Correspondent Smt. K. Rajeswari Garu, and Principal Dr. M. V. Rathnamma Garu, highlights the significance of their achievement. Such recognition serves to motivate and inspire not only the awardees but also their peers and juniors, setting a benchmark for academic excellence and leadership within the department and the institution as a whole. Dr. K. Chandra Obul Reddy Garu, with his vision and leadership, has steered KLMCEW towards becoming a center of excellence in technical education. His encouragement of students' achievements reflects the institution's commitment to nurturing talent and fostering an environment conducive to

learning and growth. Smt. K. Rajeswari Garu, as the Correspondent, plays a crucial role in supporting and promoting educational initiatives that empower students to excel both academically and personally.

Under the guidance and mentorship of Principal Dr. M. V. Rathnamma Garu, KLMCEW has continued to uphold high academic standards and provide a holistic educational experience to its students. Her leadership ensures that students not only excel in their academic pursuits but also develop essential skills and attributes necessary for their professional careers. The success these toppers is a source of pride for the KLMCEW and serves as an inspiration for future batches of students. Their achievement underscores the quality of education imparted at the institution and reinforces its reputation as a premier destination for technical education in the region.

INTERNATIONAL MATHEMATICS DAY 2024 (π – Day)

14th March 2024

International Mathematics Day (Pi Day) celebrations at KLM College of Engineering for Women, Kadapa, held on March 14th, were a vibrant tribute to the mathematical constant π (pi) and its significance in academia and beyond. The event was organized with enthusiasm, engaging students in a variety of activities that celebrated mathematical prowess and critical thinking.

A highlight of the festivities was a Quiz Competition that tested participants' knowledge of mathematics, including questions related to pi itself, mathematical principles, and applications. This intellectually stimulating competition encouraged students to showcase their understanding of mathematical concepts and compete in a friendly yet competitive environment. Additionally, a Poster Presentation session provided a platform for students to creatively express their insights into mathematics, pi, and its real-world applications. Participants demonstrated their research skills and artistic talents through visually compelling posters that explored different aspects of mathematics and its relevance in contemporary society. To further challenge and entertain participants, a Puzzle Game related to mathematics was organized, offering a hands-on opportunity to solve intricate mathematical puzzles and riddles. This activity not only fostered teamwork and problem-solving skills but also reinforced the practical applications of mathematics in everyday life. The event was skillfully coordinated by Dr. G. Rajeswari and Mrs. M. Lavanya, with Mrs. D. Prabhavathi serving as Convener and Mr. John Devanand, HOD, providing valuable guidance and support. Their efforts ensured a seamless and enriching experience for all participants. Dr. M. V. Rathnamma Garu, Principal of KLMCEW, commended the participants and students for their dedicated work in making the Pi Day celebrations a resounding success. Her appreciation underscored the importance of such academic and extracurricular initiatives in nurturing students' passion for mathematics and fostering a culture of learning and innovation.

WORLD FOREST DAY 2024

21st March 2024

World Forest Day 2024 was a resounding success at KLM College of Engineering for Women in Kadapa, marked by an inspiring initiative led by Principal Dr. M. V. Rathnamma Garu. This annual event, observed globally on March 21st, aimed to raise awareness about the critical role of forests in our ecosystem and promote sustainable practices among students and the wider community.

Under the guidance of Principal Dr. M. V. Rathnamma Garu, the college embraced the theme "We Did & We Challenge You to Provide Water to Birds and Creatures." This slogan underscored the urgent need to address environmental challenges, particularly the provision of water sources for wildlife dependent on forest habitats. Dr. Rathnamma Garu's leadership was instrumental in rallying students from diverse academic backgrounds, including Diploma, B.Tech, and MBA programs, to actively participate in the event.

Central to the celebration was the innovative use of video reels as a means to communicate and advocate for environmental stewardship. Students enthusiastically took up the challenge of creating compelling video content that highlighted the importance of forests, biodiversity conservation, and the specific issue of providing water to birds and creatures. These video reels not only showcased the creativity and dedication of the students but also served as powerful educational tools, reaching a broad audience both within and outside the college community. The initiative not only focused on raising awareness but also instilled a sense of responsibility and empowerment among the students. By actively

engaging in the creation of video reels, students gained practical insights into environmental issues and learned how their actions can make a tangible difference in protecting natural resources. Dr. Rathnamma Garu's encouragement further motivated students to delve deeper into the significance of forests, biodiversity, and sustainable practices.

Beyond the educational aspects, World Forest Day 2024 at KLM College of Engineering for Women fostered a sense of community and collaboration. It brought together students, faculty members, and environmental enthusiasts to discuss ideas, share knowledge, and brainstorm solutions to environmental challenges. The event served as a platform for meaningful dialogue on pressing issues such as climate change, habitat loss, and the importance of conservation efforts.

Moreover, the success of the program can be attributed to the proactive involvement of the entire college community. Faculty members provided guidance and support to students throughout the planning and execution stages, ensuring that the event was both informative and impactful. Local stakeholders and environmental organizations also contributed their expertise, enriching the discussions and reinforcing the importance of collective action in safeguarding our natural heritage.

World Forest Day 2024 at KLM College of Engineering for Women left a lasting impact on everyone involved. It not only heightened awareness about the importance of forests but also inspired a renewed commitment to environmental sustainability. Participants gained valuable insights into the interconnectedness of ecosystems and the role each individual play in preserving biodiversity and mitigating climate change. Looking ahead, the college plans to build on the momentum generated by this year's event. Future initiatives will continue to prioritize environmental education, community engagement, and practical solutions to environmental challenges. By fostering a culture of environmental stewardship and innovation, KLM College of Engineering for Women aims to empower future generations to become leaders in sustainable development and advocates for the protection of our planet's natural resources.

GUEST LECTURE ON GATE: AWARENESS PROGRAM

22nd March 2024

KLM College of Engineering for Women (KLMCEW) held a Guest Lecture on 22nd March 2024, aimed at providing guidance to students aspiring to take the Graduate Aptitude Test in Engineering (GATE). Mr. Shishir Persai, a Senior Faculty member from MADE Easy Institute, New Delhi, was the resource person for the event. He shared his experience in GATE coaching and emphasized the importance of thorough preparation, strategic planning, and time management for success. The lecture began with an introduction by faculty coordinators, highlighting the significance of GATE in shaping engineering graduates' career paths. Mr. Persai then provided an overview of the GATE examination structure, syllabus, and scoring pattern, emphasizing the need for thorough preparation, strategic planning, and time management. He also discussed the nuances of each engineering discipline covered under GATE, providing clarity on subject-specific preparation strategies. The lecture also addressed common challenges faced by aspirants, providing motivational guidance to stay focused and committed during the preparation phase. The event received positive feedback from both students and faculty, reinforcing KLMCEW's commitment to providing holistic educational experiences and preparing students for competitive examinations. Principal Dr. M.V.Rathnamma Garu and MD of KGI K. Chandra Obul Reddy Garu appreciated the coordinators.

World forest day

We did
&
We Challenging you to
provide water to birds and
creatures

On the same day of the World Forest Day, the KLM College of Engineering for Women (KLMCEW), Kadapa was celebrated a momentous occasion i.e., World Water Day 2024 also dedicated to raising awareness about water-related issues and promoting sustainable practices among students, faculty, and the community. Organized on March 22nd, the event aimed to educate participants about the importance of water conservation, management, and equitable access to clean water.

The day began with a series of informative sessions and workshops highlighting various aspects of water sustainability. Experts and guest speakers likely shared insights on topics such as water pollution prevention, efficient water use in agriculture and industry, and innovative technologies for water management. These sessions were designed to empower attendees with knowledge and practical solutions to address local and global water challenges.

Community engagement was also a key aspect of World Water Day at KLMCEW. Outreach programs and awareness campaigns may have been conducted to involve local residents and highlight the importance of individual and collective actions in preserving water resources.

Principal Dr. M.V.Rathnamma Garu has shown a special focus on the success of this programme till end. MD of KGI Dr. K. Chandra Obul Reddy Garu appreciated all the activists of the programme.

GOOD FRIDAY 2024

29th March 2024

KLM College of Engineering for Women (KLMCEW), Kadapa, extended heartfelt wishes of Good Friday and Easter to all its students, staff, and the Christian community in 2024. This gesture highlighted the college's inclusivity and respect for religious diversity, acknowledging the significance of these occasions for those who celebrate them.

The wishes likely conveyed messages of peace, reflection, and spiritual renewal associated with Good Friday and Easter. Good Friday, commemorating the crucifixion of Jesus Christ, symbolizes sacrifice and redemption in Christian faith, while Easter, celebrating Christ's resurrection, signifies hope and new beginnings.

By extending these wishes, KLMCEW demonstrated its commitment to fostering a supportive and inclusive environment where all religious traditions are respected and celebrated. Such gestures not only strengthen the sense of community within the college but also promote understanding and mutual respect among students and staff from diverse backgrounds.

The inclusive message of goodwill also reflects the college's values of empathy and unity, encouraging everyone to come together in solidarity during significant religious observances. It underscores the importance of cultural sensitivity and harmony within the educational institution.

MBA PLACEMENTS

In the month of March 2024, Pune based company Demium Research Pvt Ltd conducted placements to II MBA students of KLMCEW. The following students were selected in this drive:

S. No	Roll Number	Name of the Student	Placement Company	Package
01	223H1E0023	Pawar Ramya	Demium Research Pvt Ltd, Pune	3 LPA
02	223H1E0028	P. Maheswari	Demium Research Pvt Ltd, Pune	3 LPA
03	223H1E0015	Sree Supraja	Demium Research Pvt Ltd, Pune	3 LPA

Correspondent Smt. K. Rajeswari Garu, Managing Director Dr. K. Chandra Obul Reddy Garu, Principal Dr. M. V. Rathnamma Garu, and TPO Mr. B. Mahesh Nayak Garu collectively expressed their appreciation for the students who successfully secured placements during the drive conducted by Demium Research Pvt Ltd, Pune. This recognition underscores their commitment to acknowledging and celebrating the achievements of students at KLM College of Engineering for Women (KLMCEW), Kadapa.

The placement drive conducted by Demium Research Pvt Ltd likely provided students with valuable opportunities to apply their skills and knowledge in a professional setting. The selected students demonstrated their capabilities and readiness for the industry, reflecting well on their academic preparation and personal growth during their time at KLMCEW. Smt. K. Rajeswari Garu, in her role as Correspondent, along with Dr. K. Chandra Obul Reddy Garu, the Managing Director, recognized the significance of industry placements in shaping students' careers and futures. Dr. M. V. Rathnamma Garu, as Principal, and Mr. B. Mahesh Nayak Garu, the Training and Placement Officer (TPO), played instrumental roles in supporting and guiding students throughout the placement process.

The collective appreciation from these key figures within the institution not only acknowledges the individual successes of the students but also reinforces the college's commitment to nurturing talent and facilitating meaningful career opportunities. Such recognition motivates other students to strive for excellence and encourages a culture of achievement and aspiration within the college community.

The workshop featured Mr. N. Siddikh and Mr. K. Kalyan Kumar from KSRM College of Engineering, Kadapa, as resource persons. Their expertise and guidance enriched the learning experience, focusing on practical applications and hands-on exercises related to the Internet of Things (IoT). Dr. T. Lakshmi Narayana (HOD, ECE), Mr. B. Mahesh Nayak (HOD, AI&ML), and Mr. D. Srinivasulu (HOD, CSE) played crucial roles as conveners from their respective departments. Their coordination ensured the smooth execution of the workshop, aligning with the specific learning objectives and technical requirements of each department.

Principal Dr. M.V. Rathnamma Garu and Managing Director of KGI, Dr. K. Chandra Obul Reddy Garu, expressed their appreciation for the resource persons, conveners, and coordinators involved in organizing the workshop. Their recognition highlighted the importance of such hands-on training initiatives in preparing students for emerging technologies like IoT. Throughout the workshop, students were actively engaged in practical sessions, experiments, and projects aimed at enhancing their understanding and skills in IoT applications. The comprehensive approach fostered by the workshop not only enriched their academic knowledge but also equipped them with practical insights essential for their future careers in technology and engineering.

Overall, the successful implementation of the "Internet of Things: A Hands-On Practical Approach" workshop at KLMCEW underscored the institution's commitment to providing quality education and preparing students to meet industry demands through practical, experiential learning opportunities. Distributed participation certificates to all the participants.

RAMADAN & UGADI PRE-CELEBRATIONS

8th April 2024

KNOWING THE HUNGRY OF THE POOR & FEARING TO GOD IS RAMZAN.

Eid-ul-fitr, widely known as Ramzan was celebrated in KLM for the first time. A pre Ramzan was celebrated today, in which Janab Abdul Rahim, a cleric was invited as chief guest. Speaking on the occasion, he felt that Ramzan is not a festival but a sacred 9th month in Muslim calendar. He said Quran consists of 114 chapters and asked to read it for transformation. He emphasized that fasting (roza) in holy month of Ramzan, will definitely pleases the almighty GOD and he reiterated that fasting will teach everyone to know how one should be fearful to God and also teaches how poor people are feeling hungry by not consuming any food, water from dawn to dusk, he felt which is not easy to maintain under sweltering heat. He warned Muslims to fasting with immaculate heart, which is acceptable by God. He asked Muslims to donate liberally for the poor from their respective incomes through "Zakaath" and Fitra. He felt that the giving to the poor will definitely help to move close to almighty GOD, and he felt that good deeds will be honoured and said that bad things done on this earth will be answerable at a given time. Principal Dr. M.V. Rathnamma Garu in her speech said that she honours all the religions equally without any discrimination, asked everyone that there is no place for caste feeling in Educational institutions. She was perplexed to know the fasting done for 30 days in summer is an uphill task, she felt. She extended Ramzan wishes to all Muslims.

The chief guest honoured Principal madam by presenting her with Holy Quran. Later, the chief guest was felicitated by Principal as a mark of respect. A skit depicting the importance of fasting in the month of Ramzan was performed by I B.Tech Students, entertained the audience. Ramzan favourite sweet "sheer khurma" caused tingling to taste buds, was distributed to the students, some students spoke on the importance of Ramzan. Managing Director Dr. K. Chandra Obul Reddy sir, Correspondent Smt. K. Rajeswari madam, KSRR administrative manager Sri P.Prem Kumar, extended Ramzan wishes to all Muslims. All HODs, staff, students took part in an enthusiastic mood. The program culminated successfully.

Ugadi, the New Year's Day for the Telugu people also celebrated with traditional rituals, feasting, and festivities. Such occasions highlight the beauty of multicultural societies where different communities coexist and celebrate their traditions side by side. It's an opportunity for people to learn about each other's customs, share joy, and foster mutual respect and understanding.

75th BIRTH ANNIVERSARY of Late Sri. KSNR Garu

15th April 2024

The 75th birth anniversary celebration of our former correspondent, late Sri K. Sivananda Reddy sir, was a vibrant and heartfelt occasion, marked by reverence, camaraderie, and a spirit of unity among the Kandula Groups family. The event commenced at the serene KSNR ghat, where the entire staff of Kandula Groups gathered to pay their respects to the memory of Sri K. Sivananda Reddy sir. It was a poignant moment as each individual offered floral tributes, reflecting on the profound impact he had on their lives and the institution he helped nurture.

Dr. K. Chandra Obul Reddy sir, the Honorable Managing Director and son of the late Sri K. Sivananda Reddy sir, led by example as he solemnly placed a wreath on his father's tomb. This gesture not only honored his father's legacy but also set the tone for the commemorative ceremony that followed. Following the Managing Director's tribute, Smt. K. Rajeswari garu, the correspondent, honored Sri K. Sivananda Reddy sir by garlanding his portrait and placing a wreath on his tomb. Her actions symbolized the deep respect and admiration felt by all for their esteemed former correspondent. Among those paying their respects was Smt. Padmavathamma, sister of Sri K. Sivananda Reddy sir, and Vice Chairman Sri K. Madan Mohan Reddy sir. Their presence underscored the familial and institutional bonds that Sri K. Sivananda Reddy sir had fostered throughout his tenure, resonating deeply with all present.

In a stirring address to the gathered staff, Managing Director Dr. K. Chandra Obul Reddy sir called upon everyone to strive for excellence and uphold the esteemed reputation of the institution. He emphasized the importance of unity and collaboration, urging all to set aside egoistic tendencies and work harmoniously towards a bright future. His words carried the weight of personal commitment as he expressed his determination to carry forward his late father's vision and elevate the institution to new

Amidst the solemn remembrance, the ceremony took a celebratory turn as a beautifully decorated cake was brought forth. Dignitaries and staff alike gathered around as the cake, symbolizing continuity and growth, was cut and shared among everyone present. The joyous occasion was further enhanced with packets of refreshments distributed to all, fostering a sense of togetherness and camaraderie. Notably, the Principals of KSRMCE and KLMCEW, along with their dedicated staff, participated wholeheartedly in the commemoration. Their presence underscored the unity and solidarity among all branches of the institution, reflecting a shared commitment to honor the legacy of Sri K. Sivananda Reddy sir. As a gesture of appreciation and goodwill, the management announced a holiday for the staff, much to their delight. This thoughtful gesture allowed everyone to reflect on the day's events and return home with cherished memories of a celebration that honored a remarkable individual and his enduring legacy.

WORLD CREATIVITY AND INNOVATION DAY 2024

20th April 2024

World Creativity and Innovation Day 2024 was celebrated with enthusiasm and vigor at KLM College of Engineering for Women (KLMCEW), Kadapa, on April 20th, 2024. The event took place in the prestigious KLM Auditorium, serving as a platform to promote creativity, innovation, and entrepreneurial spirit among students and faculty. Dr. Sonu Kumar from KSRM College of Engineering for Women, Kadapa, graced the occasion as the resource person. His presence enriched the event with insights and expertise in fostering creativity and innovation within educational settings.

Principal Dr. M.V. Rathnamma Garu, Dr. T. Lakshmi Narayana (Convener of the Innovation and Incubation Center, IIC, KLMCEW), and Mr. S. Ameenulla (Programme Coordinator) played pivotal roles in organizing and guiding the proceedings of the day. They underscored the significance and importance of celebrating World Creativity and Innovation Day, emphasizing its relevance in nurturing a culture of innovation and problem-solving among students. The program likely featured engaging sessions, workshops, and discussions focused on exploring various facets of creativity and innovation.

Participants had the opportunity to delve into topics such as design thinking, ideation processes, technological innovations, and entrepreneurial ventures. These activities aimed to inspire and empower students to think innovatively and develop solutions to real-world challenges. Dr. Sonu Kumar's contributions as a resource person would have included sharing practical examples, success stories, and strategies to encourage creative thinking and innovation among the participants. His expertise would have been instrumental in guiding students towards harnessing their creative potential effectively.

Overall, the celebration of World Creativity and Innovation Day at KLMCEW Kadapa highlighted the institution's commitment to fostering an entrepreneurial mindset and preparing students to become future innovators and leaders. It provided a platform for collaboration, learning, and inspiration, reinforcing the importance of creativity in driving meaningful change and progress in society.

PARENTS' MEETING

20th April 2024

Conducting Parents' meetings is quite ubiquitous in schools, but in KLM it is somewhat a new phenomenon. A Parents' meeting of I B.Tech was held in KLM on Friday, for which parents were invited to attend to know the progress made by their wards by the parents. The meeting started by paying tributes to departed soul, Late KSNR sir by lighting the lamp. Speaking on the occasion Principal stressed the importance of hard work of students to gain momentum in Education. She eulogized the students' performance in lately announced I semester results. She tried to instill confidence among students who did not fare well in exams. She asked them to not to press the panic button and exhorted them that failures in B.Tech is ubiquitous and asked them to work hard and insisted them to attend remedial classes and to use them to full extent. She asked students to utilize mobiles to enhance knowledge and asked them to maintain distance from mobile phones from using for unnecessary things. To her chagrin, she expressed unhappy over some students using mobile phones during late hours and gave an illustration of a student who excelled in academics, spoiled her life by involving actively in social media.

Later, a chance was given to students to air their problems in both college and Hostel. Some students brought some problems to Principal to solve, for which an assurance was given by the Principal. In the end some parents, who spoke, expressed utmost satisfaction of the facilities provided by the Management. To beat the sweltering heat Lemon juice and Buttermilk were served to all to quench the thirst. Though the number of parents was less in

number for the program, the undaunted spirit behind conducting it received huge appreciation from the parents. MD of KGI Dr. K. Chandra Obul Reddy Garu, Correspondent Smt. Rajeswari Garu appreciated the initiative. Principal, HODs, staff, class teachers took part. The program culminated successfully.

WORLD EARTH DAY 2024

22nd April 2024

On April 22, 2024, in observance of World Earth Day with the theme "PLANET Vs PLASTIC," the students of KLM College exhibited remarkable social consciousness and dedication to safeguarding the Earth. The day was marked by various activities aimed at raising awareness and promoting environmental protection. The highlight of the event was a poster presentation organized by the students.

Following the poster presentation, a skit was performed that emphasized the crucial role of planting saplings in maintaining ecological balance and reducing pollution. The skit also underscored the importance of minimizing plastic usage, advocating for the use of cloth bags as an eco-friendly alternative. This interactive approach aimed to inspire practical actions among the audience, particularly students, towards sustainable living practices. Additionally, a dance performance was staged where the message of Earth protection resonated through expressive movements and choreography. The performance not only entertained but also effectively communicated the significance of preserving the Earth for future generations.

The World Earth Day celebration at KLMCEW was a testament to the students' commitment to environmental stewardship and their proactive efforts to raise awareness within their community. By blending creativity with activism, the event successfully engaged participants in meaningful discussions and inspired concrete actions towards creating a sustainable and greener future. The enthusiastic student's participation made the day memorable. Managing Director Dr. K. Chandra Obul Reddy sir, Correspondent Smt. K. Rajeswari Garu, Principal Dr. M. V. Rathnamma Garu, KSRMCE Administrative Manager P. Prem Kumar lauded the initiative in conducting the program. All HODs, staff took part. Mr. V.R. John Devanand acted as Convener and Dr. G. Rajeswari acted coordinator of the program.

CSE DEPARTMENT FAREWELL DAY CELEBRATIONS 2024

24th April 2024

On April 24, 2024, the III B.Tech students of the Computer Science and Engineering (CSE) Department at KLMCEW, Kadapa conducted a heartfelt Farewell Day celebration to bid farewell to their seniors, the IV year students. This occasion was a blend of gratitude, nostalgia, and warm wishes as the juniors prepared to send off their seniors into the next phase of their lives.

The event was graced by esteemed dignitaries including Dr. K. Chandra Obul Reddy Garu, the Managing Director of Kandula Group of Institutions (KGI), Smt. K. Rajeswari Garu, the Correspondent, and Dr. M. V. Rathnamma Garu, the Principal. Their presence added significance to the event, symbolizing the institution's support and appreciation for its students.

To kick off the celebrations, MD Dr. K. Chandra Obul Reddy Garu inaugurated the eco-friendly banner of the CSE Department, emphasizing the department's commitment to sustainability and environmental consciousness. This gesture set a positive tone, aligning the festivities with the principles of responsible stewardship towards the environment. As a token of appreciation and respect, the students of III B.Tech presented a thoughtful gift of delicious dry fruits to MD Dr. K. Chandra Obul Reddy Garu. This gesture not only honored his presence but also reflected the students' gratitude for his leadership and support throughout their academic journey. Following the ceremonial aspects, a delightful lunch was served, providing an opportunity for everyone to share a meal and strengthen bonds of camaraderie. The atmosphere was festive, filled with laughter and cheerful conversations as students and faculty enjoyed the delicious food together.

The highlight of the Farewell Day celebration was the memorable presentations prepared by the III B.Tech students for their seniors. These presentations were heartfelt tributes, showcasing cherished memories and experiences shared over the years. It was a nostalgic journey down memory lane, evoking laughter, tears, and heartfelt emotions as IV year students reflected on their transformative journey through college life. Cultural activities and dance performances added to the festive spirit of the event, bringing

moments of joy and entertainment. These performances were not just entertainment but also expressions of appreciation and best wishes from the juniors to their departing seniors. The lively atmosphere resonated with applause and cheers, celebrating the talents and camaraderie within the CSE Department.

For the IV year students, the Farewell Day was a poignant moment to reminisce about their four years of graduation. They shared anecdotes, recalled milestones, and expressed gratitude to their professors, juniors, and peers who had become an integral part of their college experience. It was a time of reflection and gratitude, marking the end of one chapter and the beginning of another in their lives.

ECE DEPARTMENT FAREWELL DAY CELEBRATIONS 2024

25th April 2024

On April 24, 2024, the III B.Tech students of the Electronics and Communication Engineering (ECE) Department at KLMCEW, Kadapa conducted a heartfelt Farewell Day celebration to bid farewell to their seniors, the IV year students. This occasion was a blend of gratitude, nostalgia, and warm wishes as the juniors prepared to send off their seniors into the next phase of their lives.

The event was graced by esteemed dignitaries including Dr. K. Chandra Obul Reddy Garu, the Managing Director of Kandula Group of Institutions (KGI), Smt. K. Rajeswari Garu, the Correspondent, and Dr. M. V. Rathnamma Garu, the Principal. Their presence added significance to the event, symbolizing the institution's support and appreciation for its students.

To kick off the celebrations, Principal Dr. M.V.Rathnamma Garu inaugurated the eco-friendly banner of the ECE Department, emphasizing the department's commitment to sustainability and environmental consciousness. This gesture set a positive tone, aligning the festivities with the principles of responsible stewardship towards the environment. As a token of appreciation and respect, the students of III B.Tech presented a thoughtful gift of delicious fruits to Principal Dr. M.V. Rathnamma Garu. This gesture not only honored his presence but also reflected the students' gratitude for his leadership and support throughout their academic journey. Following the ceremonial aspects, a delightful lunch was served, providing an opportunity for everyone to share a meal and strengthen bonds of camaraderie. The atmosphere was festive, filled with laughter and cheerful conversations as students and faculty enjoyed the delicious food together.

They shared anecdotes, recalled milestones, and expressed gratitude to their professors, juniors, and peers who had become an integral part of their college experience. It was a time of reflection and gratitude, marking the end of one chapter and the beginning of another in their lives.

ONE DAY WORKSHOP ON MATLAB

26th April 2024

On April 26, 2024, the Department of Electronics and Communication Engineering (ECE) at KLM College of Engineering for Women (KLMCEW) organized a one-day workshop focused on MATLAB. This workshop was specifically aimed at first-year B.Tech and Diploma students. Dr. Mari Prasanth, from KSRM College of Engineering (Kadapa), graced the event as the resource person, bringing valuable expertise and insights to the participants.

The gathering was addressed by Principal Dr. M.V. Rathnamma Garu, who commended the efforts of the workshop's convener, Dr. T. Lakshmi Narayana, and coordinator, Mr. J. Yonathan. Their dedication and organizational skills were acknowledged for ensuring the success of the workshop. Dr. K. Chandra Obul Reddy Garu, the Managing Director of Kandula Group of Institutions (KGI), also extended his appreciation to the entire team involved in organizing the workshop. His recognition underscored the importance of such initiatives in enhancing the academic experience and skill development of students.

Overall, the workshop on MATLAB not only provided practical knowledge but also highlighted the collaborative efforts and support within KLMCEW and across KGI, fostering a conducive learning environment for the students.

The event "IMPACT LECTURE SERIES", was organized under INSTITUTIONS' INNOVATION COUNCIL (IIC). Dr. MV Rathnamma garu, Principal and HODs of ECE and CSE lighted the lamp and garlanded the portrait of Correspondent, Kandula Group of Institutions. John Devanand, read out the profile of Mr. Shaik Fayaz Ahammed. Mr. Fayaz Ahammed conveyed the information that how should we achieve our dreams? He felt that if we have dreams then they should be strong. He unfolded his story to motivate the students the things he told are: firstly, one should keep a burning desire that is to earn money, he pursued his B.Tech in KSRMCE . While, he was in B.Tech he earned money by joining some networking company. He was awarded as "BEST EVENT ORGANIZER " in the year of 2016. He had an idea to start a company. By suggestion of his well-wishers and faculty, he joined in a job and got experience along with knowledge. Subsequently, he started a company in the name of "PROSOL MINDS". He was also awarded as "Employee of the year" in 2018. In spite of facing many ups and downs, he didn't lose his confidence. He clearly told the students to innovate their ideas to make their future bright. He inspired the students by illustrating the example of great personality, Elon Musk who is a

fascinating figure known for his ground-breaking work in various industries. He is the CEO and lead designer of SpaceX, CEO and product architect of Tesla, Inc., CEO of Neural link, and founder of The Boring Company. Born in South Africa, Musk moved to the United States to attend college at the University of Pennsylvania. He later co-founded Zip2, an online city guide software company, and X.com, which eventually became PayPal and was sold to eBay for \$1.5 billion. In 2002, Musk founded SpaceX with the goal of reducing space transportation costs and making space exploration more feasible. SpaceX has since achieved numerous milestones, including the development of reusable rocket technology and becoming the first private company to send human beings to the International Space Station. Musk is also known for his work at Tesla, where he is revolutionized the automotive industry with electric vehicles and pushed for sustainable energy solutions. Under his leadership, Tesla has become a leader in electric cars, solar energy, and battery storage technology.

Beyond his business ventures, Musk has been vocal about his vision for the future, which includes colonizing Mars, advancing artificial intelligence, and mitigating the risks of climate change. While he was widely admired for his innovation and ambition, Musk's behavior on social media and his controversial statements have also drawn criticism. However, there's no denying of fact that his impact on technology, transportation, and space exploration. These are things explained by him.

The second part was taken by Dr. Bheema Reddy, who is an Incubation Manager ICAFI Foundation, for Higher Education Hyderabad. He uttered some other examples to be as an entrepreneur. The session was concluded with felicitation to both the resource persons, as a token of gratitude.

Principal Dr. M.V. Rathnamma Garu and Managing Director of KGI, Dr. K. Chandra Obul Reddy Garu, expressed their appreciation for the resource persons, conveners, and coordinators involved in organizing the workshop and conveyed thanks to the AICTE-MIC for providing the funds.

INTELLECTUAL PROPERTY RIGHTS DAY 2024

26th April 2024

On April 26, 2024, the Department of MBA and the Innovation and Incubation Center (IIC) at KLM College of Engineering for Women (KLMCEW) jointly organized a celebration day focused on Intellectual Property Rights (IPR) for B.Tech and MBA students.

The event featured Mrs. S. Nafeesa Thehseen as the resource person, bringing her expertise in the field of Intellectual Property Rights to enlighten the students. Dr. M.V. Rathnamma Garu, the Principal of KLMCEW, addressed the gathering and expressed appreciation for the initiative. She specifically commended Mr. C.V. Ramana, the coordinator of the event, for his efforts in organizing and facilitating the celebration day. Dr. T. Lakshmi Narayana, who served as the Convener of the Innovation and Incubation Center (IIC), spoke about the importance of Intellectual Property Rights (IPR) and raised awareness among the students. His session aimed to educate the participants about the significance of protecting intellectual creations and innovations.

The celebration day of Intellectual Property Rights provided an enriching platform for both B.Tech and MBA students to deepen their understanding of IPR principles and their relevance in various fields of study and professional endeavors. It highlighted KLMCEW's commitment to holistic education and the empowerment of students through knowledge and awareness-building activities. Principal Dr. M.V. Rathnamma Garu and Managing Director of KGI, Dr. K. Chandra Obul Reddy Garu, expressed their appreciation for the resource persons, conveners, and coordinators involved in organizing the programme.

In April 2024, KLMCEW, Kadapa, took a proactive step in assisting students who were gearing up for the POLYCET 2024 examination. The institute launched a comprehensive coaching program designed to prepare aspirants who had recently completed their SSC exams. Recognizing the diverse needs of students, KLMCEW offered both online and offline modes of coaching, ensuring accessibility and flexibility for all participants.

Led by experienced educators Mr. K. V. Ramana, Mrs. D. Prabhavathi, and Mr. Naveen, the coaching program aimed to equip students with the necessary skills and knowledge required to excel in the POLYCET examination. The faculty members brought a wealth of expertise and dedication to the training sessions, tailoring their approach to cater to the individual learning styles and strengths of each student.

The initiative received strong support and appreciation from Principal Dr. M. V. Rathnamma Garu and MD of KGI Dr. K. Chandra Obul Reddy Garu. Their leadership and encouragement played a pivotal role in motivating both the faculty and the students throughout the training period. They recognized and commended the faculty for their unwavering commitment and continuous efforts in guiding the aspirants towards their academic goals.

Dr. M. V. Rathnamma Garu, as the Principal of KLMCEW, Kadapa, has been instrumental in fostering an environment conducive to academic excellence and holistic development. Under her guidance, the institute has consistently strived to provide quality education and support to its students. Her endorsement of the POLYCET coaching initiative underscores KLMCEW's commitment to nurturing talent and preparing students for future challenges.

Similarly, Dr. K. Chandra Obul Reddy Garu, the Managing Director of KGI, has played a crucial role in shaping the institute's vision and direction. His visionary leadership has encouraged innovation and inclusivity, ensuring that educational opportunities are accessible to all. Dr. Reddy's appreciation of the faculty members' efforts reflects his deep-rooted belief in the transformative power of education and mentorship.

Throughout the coaching program, students benefited not only from the academic guidance provided by Mr. Ramana, Mrs. Prabhavathi, and Mr. Naveen but also from the supportive environment fostered by KLMCEW, Kadapa. The institute's commitment to student success was evident in its efforts to go beyond traditional teaching methods, incorporating interactive sessions, practice tests, and personalized feedback to enhance learning outcomes.

The POLYCET coaching initiative at KLMCEW, Kadapa, exemplifies the institute's proactive approach towards educational empowerment. By offering flexible learning options and leveraging the expertise of dedicated educators, KLMCEW has empowered students to pursue their academic aspirations with confidence and competence. The collective efforts of the faculty, supported by the visionary leadership of Dr. M. V. Rathnamma Garu and Dr. K. Chandra Obul Reddy Garu, have undoubtedly set a benchmark in preparing students for academic excellence and future success.

Students who attended POLYCET coaching at KLMCEW achieved impressive ranks, reflecting the effectiveness of the institute's training program. The dedicated efforts of faculty members and the supportive environment fostered by KLMCEW contributed significantly to their success.

MBA PLACEMENTS

April 2024

In the month of April 2024, ExcelR Pvt. Ltd, Hyderabad, and PAYTM, Bangalore conducted placements to II MBA students of KLMCEW. The following students were selected in this drive:

S. No	Roll Number	Name of the Student	Placement Company	Package
01	223H1E0015	K SREE SUPRAJA	EXCELR PVT LTD, HYD	3LPA
02	223H1E0020	P DEEPIKA	EXCELR PVT LTD, HYD	3LPA

Correspondent Smt. K. Rajeswari Garu, Managing Director Dr. K. Chandra Obul Reddy Garu, Principal Dr. M. V. Rathnamma Garu, and TPO Mr. B. Mahesh Nayak Garu collectively expressed their appreciation for the students who successfully secured placements during the drive conducted by Demium Research Pvt Ltd, Pune. This recognition underscores their commitment to acknowledging and celebrating the achievements of students at KLM College of Engineering for Women (KLMCEW), Kadapa.

S. No	Roll Number	Name of the Student	Placement Company	Package
01	223H1E0023	PAWAR RAMYA	PAYTM, BANGLORE	4LPA
02	223H1E0006	S BUSHRA KHANAM	PAYTM, BANGLORE	4LPA
03	223H1E0020	P DEEPIKA	PAYTM, BANGLORE	4LPA

The placement drive conducted by ExcelR Pvt. Ltd, Hyderabad, and PAYTM, Bangalore likely provided students with valuable opportunities to apply their skills and knowledge in a professional setting. The selected students at KLMCEW demonstrated academic readiness and personal growth, with the importance of industry placements emphasized by Smt. K. Rajeswari Garu, Dr. K. Chandra Obul Reddy Garu, and Dr. M. V. Rathnamma Garu, Principal and Mr. B. Mahesh Nayak, TPO.

One of the standout features of KGCET 2K24 is its commitment to recognizing and rewarding academic excellence. The top-performing students are not only granted free education but also provided with complimentary accommodation, demonstrating a robust support system aimed at nurturing talent and facilitating educational opportunities.

Moreover, meritorious students are set to benefit from scholarships, further incentivizing academic achievement and encouraging continuous learning and development. These initiatives not only motivate students to excel but also contribute to fostering a competitive yet supportive educational environment. The launch of the online examination on May 1st, 2024, by Dr. K. Chandra Obul Reddy Garu, Managing Director of KGI, and Smt. K. Rajeswari Garu, Correspondent, marked a momentous occasion. Their leadership and vision underscored the commitment to innovation and accessibility in education, aligning KGCET with contemporary educational practices and technological advancements.

KGCET also serves a dual purpose as a preparatory platform for the EAPCET (Engineering, Agriculture and Pharmacy Common Entrance Test), providing students with valuable practice and exposure to the format and rigors of competitive entrance examinations. This preparatory aspect not only enhances students' confidence but also equips them with essential skills and knowledge necessary for succeeding in broader academic pursuits.

Principal Dr. M. V. Rathnamma Garu played a pivotal role in ensuring the success of KGCET 2K24, particularly in boosting registrations and increasing attendee numbers. Her proactive approach and leadership were instrumental in garnering widespread participation and interest among aspiring students. Dr. Rathnamma Garu's dedication to promoting the examination as a significant opportunity for students seeking quality education and future prospects contributed significantly to its success. Furthermore, the efforts of the faculty members deserve commendation for their unwavering commitment and support throughout the entire process of organizing and conducting KGCET 2K24. Their dedication, expertise, and guidance played a crucial role in the smooth and effective execution of the examination, ensuring a conducive environment for students to demonstrate their skills and abilities. Together, under the guidance of Principal Dr. M. V. Rathnamma Garu and with the steadfast support of the faculty members, KGCET 2K24 not only achieved its objectives but also set a benchmark for future editions. Their collective efforts underscored the institution's commitment to academic excellence, student welfare, and the advancement of engineering and technology education in the region.

INTRAMURALS – 2K24

4th May 2024

INTRAMURALS 2K24, jointly organized by KSRM College of Engineering and KLM College of Engineering for Women, stands as a testament to the institutions' commitment to promoting sportsmanship, camaraderie, and holistic student development. Held from April 23rd to May 27th, 2024, this sports and games extravaganza not only showcased athletic prowess but also fostered a vibrant campus atmosphere filled with enthusiasm and competitive spirit.

The event was inaugurated with great fervor and anticipation, graced by distinguished personalities who play pivotal roles in the educational landscape of the region. Dr. K. Chandra Obul Reddy Garu, Managing Director of KGI (Kadapa Group of Institutions), Dr. V.S.S. Murthy Garu, Principal of KSRMCE, and Dr. M. V. Rathnamma Garu, Principal of KLMCEW, ceremoniously launched INTRAMURALS 2K24. Their presence underscored the significance of sports in the overall development of students and highlighted the collaborative efforts of the institutions in providing a platform for holistic education. Throughout the duration of INTRAMURALS 2K24, students actively engaged in a diverse array of sports activities. From the traditional vigor of Kabaddi to the finesse of badminton, the thrill of volleyball matches, the intensity of tug of war, the strategic gameplay of throw ball, and the agility required in kho-kho, participants showcased their talents and competitive edge. Each sport not only tested physical abilities but also promoted teamwork, strategy building, and resilience among the participants.

The spirited participation of students was bolstered by the unwavering support and encouragement from faculty members, staff, and the administration of both KSRMCE and KLMCEW. Their dedication ensured the smooth organization and management of the event, facilitating an inclusive and enriching experience for all involved.

The pinnacle of INTRAMURALS 2K24 was reached on May 4th, 2024, with the grand prize distribution ceremony. This ceremony served as a culmination of weeks of dedication and hard work put forth by the participants. Dr. V.S.S. Murthy Garu, alongside esteemed guests including Dr. T. Nageswara Prasad Garu, Dr. T. Lakshmi Narayana Garu, Dr. Lokeswara Reddy Garu, Dr. G. Hemalatha Garu, and Mr. Narayana Garu, honored the outstanding achievers across various sports categories. The winners and runners-up were lauded not only for their athletic achievements but also for embodying the values of sportsmanship, perseverance, and teamwork throughout the event.

Beyond the trophies and medals, INTRAMURALS 2K24 served as a platform for nurturing holistic development among students. The event underscored the importance of physical fitness, mental agility, and character building, essential facets of a well-rounded education. Participants learned valuable lessons in discipline, cooperation, leadership, and sports ethics, which are integral to their personal growth and future endeavors. Moreover, INTRAMURALS 2K24 reinforced the ethos of inclusivity and community spirit within KSRMCE and KLMCEW. Students from diverse backgrounds came together, transcending barriers to forge friendships and mutual respect through shared sportsmanship. The event not only united participants but also created lasting memories and bonds that will endure beyond their academic journey.

The success of INTRAMURALS 2K24 would not have been possible without the collaborative efforts of numerous individuals and departments within both institutions. From event coordinators and sports organizers to volunteers and support staff, each played a crucial role in ensuring the event's seamless execution. Their dedication and commitment exemplified the institutions' collective vision of fostering an enriching educational environment that nurtures both academic excellence and holistic development. It serves as a catalyst for continuous improvement and innovation in promoting sports culture on campus, encouraging greater participation, and expanding opportunities for students to excel beyond the confines of classrooms. Mr. Narayana, Mr. B. Vamsi, Mr. Yellaiah, and Mrs. D. Ganga Devi's remarkable services as Physical Directors were integral to the triumph of INTRAMURALS 2K24. Their contributions not only elevated the quality of the sports event but also enriched the educational journey of the students, reinforcing the institutions' commitment to nurturing well-rounded individuals through sports and extracurricular activities.

In conclusion, INTRAMURALS 2K24 stands as a celebration of sportsmanship, talent, and community spirit within the academic framework of KSRMCE and KLMCEW. It exemplifies the transformative power of sports in shaping well-rounded individuals equipped with essential life skills. As both institutions continue to uphold their commitment to holistic education, events like INTRAMURALS 2K24 will remain integral in nurturing the leaders and achievers of tomorrow.

BIRTHDAY CELEBRATIONS OF MD of KGI, Dr. K.C.O.R.

6th May 2024

The birthday celebrations of Dr. K. Chandra Obul Reddy, the esteemed MD of our institutions, took on a profoundly meaningful and heartwarming twist this year. Rather than the customary festivities confined within the campus walls, this celebration embraced a spirit of compassion and community outreach. The occasion was marked by a visit to "Amma Vodi," an orphanage located near the Central Prison, where students, faculty members, and the Principal, shared moments of joy and solidarity with the children residing there.

Principal Dr. M. V. Rathnamma Garu, alongside D. Srinivasulu, Head of the Computer Science and Engineering Department, Dr. T. Lakshmi Narayana, Head of the Electronics and Communication Engineering Department, B. Mahesh Nayak, Head of Artificial Intelligence and Machine Learning, V. R. John Devanand, Head of Humanities and Sciences, and V. Nagendra, Hostel Warden, joined in to make the occasion special not just for Dr. Reddy, but for the children at Amma Vodi as well.

The atmosphere at Amma Vodi orphanage was one of warmth and anticipation as the visitors arrived, bringing with them not only birthday cheer but also gifts of companionship and solidarity. The children, despite their circumstances, welcomed the guests with smiles and eager curiosity, reflecting the resilience and hope that characterize their daily lives. The celebration commenced with the cutting of a delicious cake, symbolizing not just Dr. Reddy's birthday but also the spirit of sharing and togetherness that defined the day. The students, faculty members, and children gathered around, forming a circle of unity and celebration. As the cake was sliced and distributed among the children, laughter and joy filled the air, creating memories that would be cherished by all present. It was a moment of pure sincerity and emotion, demonstrating the genuine bond that had formed between the visitors and the children of Amma Vodi.

Throughout the visit, students engaged wholeheartedly with the children, playing games, sharing stories, and participating in activities that transcended the boundaries of age and circumstance. For many students, this experience served as a poignant reminder of the power of empathy and the importance of reaching out to those in need within the community. This engagement with the children reflected a deep sense of connection and empathy, embodying the values of leadership and compassion that define his stewardship of the institution.

As the day drew to a close, the impact of the birthday celebration with a difference was palpable. It had touched the lives of everyone involved – from the children who experienced moments of joy and companionship, to the students and faculty members who gained a deeper understanding of community service and social impact. It has reinforced the belief that small acts of kindness and compassion can create ripple effects of positivity and transformation in the world around us.

II MBA – FAREWELL DAY CELEBRATIONS

10th May 2024

On May 10, 2024, the MBA Department of KLMCEW celebrated its Farewell Day with great enthusiasm and warmth. The event, meticulously organized under the guidance of Head of Department, Mr. C.V. Ramana, brought together faculty, staff, junior students, and esteemed guests to bid farewell to the post graduating batch of 2024 MBA students. The program, a testament to their hard work and dedication, unfolded seamlessly thanks to the collaborative efforts of the departmental staff and enthusiastic junior students who ensured every detail was executed flawlessly.

The highlight of the event was the inspiring speech delivered by Principal, Dr. M.V. Rathnamma Garu. In her address, she underscored the significance of making informed choices and continuously striving to enhance one's professional abilities. She encouraged the students, particularly to envision themselves as successful entrepreneurs and leaders capable of making significant contributions to society. Her words resonated deeply, setting a tone of empowerment and aspiration among the audience. Adding to the enriching atmosphere, Mr. Naveen from KSRM CMS took the stage to share valuable insights into the myriad opportunities awaiting MBA graduates in the professional world. His speech provided a practical perspective on career paths and emphasized the importance of leveraging their academic knowledge to navigate the complexities of the business landscape. Mr. C.V. Ramana, in his heartfelt farewell address, expressed profound pride and gratitude towards the outgoing students. He commended their resilience and unwavering determination that had propelled them through the challenges of the

rigorous MBA program. Reflecting on their journey, Mr. Ramana highlighted how their perseverance and commitment had not only shaped their academic success but also prepared them for future leadership roles. As the day progressed, the celebratory spirit continued with a sumptuous afternoon lunch, where students, faculty, and guests shared laughter and memories, reminiscing about the experiences and friendships forged during their time at KLM College of Engineering for Women. The atmosphere buzzed with a mix of nostalgia for the past and excitement for the future endeavors that awaited each graduate.

Amidst the festivities, there was a palpable sense of camaraderie and accomplishment, marking not just the end of an academic chapter but the beginning of a new phase filled with promise and potential.

The Farewell Day celebrations served as a poignant reminder of the transformative power of education and the enduring bonds created within the educational community. The Farewell Day of 2024 will be remembered not only for its grandeur and eloquence but also for the profound impact it had on shaping the aspirations and ambitions of the MBA graduates as they embarked on their individual journeys towards success and fulfillment.

MOTHERS' DAY 2024

12th May 2024

On this special occasion of Mothers' Day, KLM College of Engineering for Women extends heartfelt wishes to all mothers and the entire women community. Today, we celebrate the invaluable contributions of mothers everywhere, whose love, strength, and wisdom enrich our lives immeasurably.

Mothers play an extraordinary role in shaping families and societies with their nurturing spirit and unconditional support. Their dedication and sacrifices inspire us to strive for excellence and compassion in all that we do. As we honor mothers, we also recognize the resilience and achievements of women in all walks of life, whose determination and leadership contribute significantly to our collective progress. At KLM College of Engineering for Women, we deeply appreciate and respect the pivotal roles mothers and women play in fostering a nurturing environment and driving positive change. Your dedication to nurturing minds and shaping futures is truly commendable and worthy of celebration. To all mothers and women in our community, may your day be filled with love, appreciation, and moments of joy. Happy Mother's Day!

KGCET 2K24 RESULTS ANNOUNCEMENT

24th May 2024

The eagerly awaited results of KGCET -2K24, conducted four years consecutively, were officially released on May 24, 2024. The announcement ceremony took place at KSNR Ghat, where Managing Director Dr. K. Chandra Obul Reddy Garu and Correspondent Smt. K. Rajeswari Garu presided over the event.

Amidst an atmosphere of anticipation and excitement, Managing Director Dr. K. Chandra Obul Reddy Garu took to the podium to announce the results. Expressing his delight over the increased number of students who participated in KGCET -2K24, he emphasized the significance of the scholarships being offered, particularly for the benefit of EAPCET aspirants. Dr. Reddy Garu underscored the importance of leveraging the college's infrastructure facilities to maximize academic and professional growth. In his address, Dr. Reddy Garu encouraged students to seize the opportunities provided by the scholarships, affirming his confidence that they would prove beneficial in their educational pursuits. He highlighted the commitment of KLM College of Engineering for Women to nurturing talent and fostering excellence among its students.

The announcement ceremony was attended by esteemed dignitaries including Principal Dr. M.V. Rathnamma Garu from KLM College of Engineering, Principal Dr. V. S. S. Murthy Garu from KSRM College of Engineering, Vice Principal Dr. T. Nageswara Prasad Garu from KSRMCE, along with Deans, Heads of Departments (HODs), admission in-charges, and teaching staff. Their presence underscored the collaborative effort and commitment of the academic leadership towards the success and growth of the institution.

Following the announcement, discussions ensued regarding the distribution of scholarships and the implementation of academic initiatives aimed at further enhancing the educational experience at KLM College of Engineering for Women.

The collective efforts and shared commitment towards academic excellence and student welfare were palpable throughout the event. The culmination of the ceremony was marked by a spirit of optimism and determination as students, faculty, and staff looked forward to a future enriched by learning, innovation, and personal growth. The successful conduct of KGCET -2K24 and the announcement of scholarships served as a testament to the college's dedication to academic excellence and its role in shaping the future leaders of tomorrow.

BAKRID PRE-CELEBRATIONS

15th June 2024

Bakrid Pre-celebrations were held at KLM College of Engineering for Women on 15th June 2024, with Mr. S. Ameenulla and Mrs. S. Nafeesha serving as coordinators. The occasion was marked by a thoughtful message about Eid Al-Adha, which commemorates the obedience, willingness, and devotion of Prophet Ibrahim to the Almighty.

Eid Al-Adha, also known as Bakrid, symbolizes Prophet Ibrahim's readiness to sacrifice his son, Prophet Ismail, as an act of obedience to God. However, before the sacrifice could be carried out, God intervened and provided a sheep to be sacrificed instead, acknowledging Prophet Ibrahim's unwavering faith and dedication.

Principal Dr. M.V. Rathnamma Garu and Managing Director of KGI, Dr. K. Chandra Obul Reddy Garu, extended warm wishes to all on this auspicious occasion of Bakrid. The festival is traditionally observed by sacrificing animals like lambs and goats, symbolizing the spirit of sacrifice, generosity, and gratitude towards God.

ORIENTATION DAY FOR DIPLOMA – AY 2024-25 BATCH

20th June 2024

20th June 2024, marked a significant milestone at KLM College of Engineering for Women as the 2nd batch of Polytechnic students commenced their academic journey amidst enthusiastic celebrations at the vibrant "ORIENTATION DAY" held in the college auditorium. The event was a vibrant amalgamation of hope, inspiration, and a promising start to the students' educational voyage, resonating deeply with both parents and attendees.

The event kicked off with a palpable sense of excitement and anticipation as students and their families gathered in the brightly decorated auditorium. The colorful decorations and lively ambiance set the stage for what would be a memorable day of speeches, encouragement, and camaraderie. Managing Director, Dr. K. Chandra Obul Reddy Garu, took the podium to deliver an impassioned address to the assembled gathering. His words were not just motivational but also insightful, as he urged the students to make the most of the resources available to them. Dr. Reddy Garu emphasized the plethora of opportunities awaiting Diploma holders, contrasting their advanced technological skills with those who have only completed intermediate education. He expressed immense pride in the track record of KLM's Diploma students, attributing any disparities to a lack of awareness among those who pursue different educational paths. Grateful for the trust placed in KLM College by both students and parents, Dr. Reddy Garu described the institution as a safe harbor for educational growth and personal development. In a poignant moment, he encouraged parents to prioritize their daughters' careers over early marriages, advocating for nurturing their talents and fostering independence.

Principal Dr. M.V. Rathnamma Garu continued the spirit of encouragement, echoing Dr. Reddy's sentiments. She expressed heartfelt gratitude to parents for choosing KLM College and entrusting their children's education to the institution. Dr. Rathnamma urged the students to dedicate themselves diligently to their academic pursuits, stressing the importance of striving for excellence in all endeavors. Her words

served as a beacon of guidance, motivating the students to leave no stone unturned in their pursuit of knowledge and achievement. Correspondent Smt. K. Rajeswari Garu, visibly moved, shared a personal reflection on the college's journey and the legacy left by her late husband. Her emotional plea resonated deeply with the audience as she emphasized the importance of upholding the college's reputation through hard work and dedication. Her heartfelt address underscored the significance of the educational mission at KLM College in shaping not just careers but also character.

The Heads of Departments (HODs) enriched the occasion with their invaluable insights and suggestions. Each HOD offered practical advice and encouragement tailored to their respective fields of study, further inspiring the students and reinforcing the commitment of the faculty to their educational success. Following the addresses, the floor was opened to parents and students who shared their perspectives and experiences at KLM College. Their testimonials highlighted the positive impact of the institution on personal growth and academic development, underscoring the supportive and nurturing environment fostered by the college community. The festive atmosphere continued with a sumptuous lunch provided to all attendees, fostering moments of camaraderie and conversation among parents, students, faculty, and staff. The break also provided an opportunity for informal interactions and networking, further strengthening the bonds within the KLM College community.

Post-lunch, the day transitioned seamlessly into the commencement of classes for the new batch of Polytechnic students. With hearts full of inspiration and minds eager for learning, the students embarked on their academic journey under the guidance of dedicated faculty members committed to their educational success.

The vote of thanks encapsulated the collective spirit of unity and purpose that defined the day's proceedings, leaving a lasting impression of optimism and promise for the future.

INDUCTION PROGRAMME TO DIPLOMA 2024-25 BATCH STUDENTS

21st June 2024 – Outdoor Games

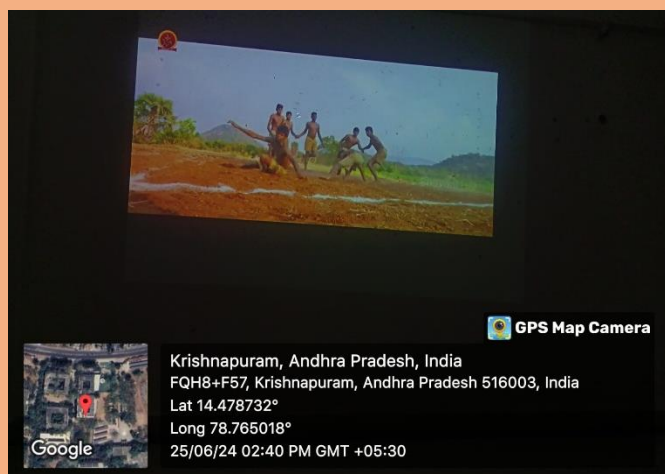

On 21st June 2024, KLM College of Engineering for Women, Kadapa, organized outdoor games as part of their Induction programme for Diploma students. The aim of these games was to cultivate a sportive spirit among the students and promote physical activity in a fun and engaging way. The outdoor games were conducted at the college playground, providing students with an opportunity to enjoy the fresh air and scenic surroundings while participating in various recreational activities. The enthusiastic participation of the students demonstrated their eagerness to engage in healthy competition and team-building exercises. Participating in outdoor games not only encourages physical fitness but also fosters important life skills such as teamwork, leadership, and sportsmanship. These qualities are essential for personal growth and development, complementing the academic curriculum with practical experiences that promote a well-rounded education. The choice to include outdoor games in the Induction programme reflects the college's commitment to holistic student development. By encouraging students to embrace physical activities from the outset of their academic journey, the college aims to instill lifelong habits of health and wellness.

25th June 2024 – Screening of a Movie – Canady Club

On 25th June 2024, an array of events was meticulously organized for Diploma students, aiming to enrich their experience and foster camaraderie within the community. One standout event was the screening of the movie "KENNEDY CLUB" at the college auditorium. This sports-themed movie proved to be a catalyst in igniting the students' sportive spirit and enthusiasm. "KENNEDY CLUB," known for its inspiring narrative centered around sports, captivated the attention of the newly joined Diploma students. The storyline, which likely showcased dedication, teamwork, and perseverance, resonated deeply with the audience, leaving a lasting impression that extended beyond mere entertainment. The enthusiastic participation and engagement of the students during the movie screening highlighted their eagerness to immerse themselves in activities that promote teamwork, discipline, and competitive spirit.

The screening of "KENNEDY CLUB" marks just the beginning of a series of activities planned for Diploma students, extending through the weekend. These diverse activities are designed to cater to various interests and passions, ensuring that every student finds avenues for personal growth, skill development, and enjoyment. By offering a blend of academic, cultural, and recreational activities, the college creates a holistic learning environment that nurtures students' talents and enhances their overall college experience. Such initiatives not only strengthen the sense of belonging among students but also contribute to their holistic development as they progress through their academic journey. In essence, the events organized on 25th June 2024, including the impactful screening of "KENNEDY CLUB," set a positive tone for the ongoing activities and future endeavors of Diploma students at the college.

26th June 2024 – Fun Games

On 26th June 2024, KLM College of Engineering for Women, Kadapa, organized a series of fun games as part of their Induction programme for Diploma students. The event was designed not only to welcome the new students but also to foster camaraderie, teamwork, and a sense of belonging within the student community. Fun games serve as an excellent icebreaker and provide an opportunity for students to interact in a relaxed and enjoyable environment. These activities are not only entertaining but also help in building essential skills such as communication, collaboration, and problem-solving.

By incorporating fun games into the Induction programme, the college aims to create a positive and engaging introduction to campus life. It allows students to unwind, socialize, and form friendships right from the start of their academic journey. Moreover, such initiatives play a crucial role in promoting a healthy campus culture where students feel supported and connected. It enhances their overall college experience by encouraging participation in extracurricular activities beyond academics. The choice to organize fun games underscores the college's commitment to holistic student development, recognizing the importance of both academic and non-academic aspects in shaping well-rounded individuals.

27th June 2024 – Plantation

On 27th June 2024, KLM College of Engineering for Women in Kadapa organized a plantation program as part of the Induction programme for first-year Diploma students. This initiative aimed to educate and enlighten students about environmental stewardship. The program included educational videos focusing on trees, which imparted valuable knowledge about the significance of planting saplings to uphold ecological balance.

Throughout the event, students demonstrated attentive listening during speeches delivered by faculty members. This engagement highlighted their interest in environmental issues and underscored the importance of such educational initiatives in fostering environmental consciousness from an early stage in their academic journey. The coordination efforts of Mr. M. Naveen Kumar and Mrs. D. Prabhavathi were instrumental in ensuring the program's success. Their organizational skills and dedication played a crucial role in seamlessly orchestrating the activities, from arranging the videos and speeches to overseeing the sapling planting session.

By culminating the program with the planting of saplings, the college not only imparted theoretical knowledge but also provided students with a practical experience of contributing directly to environmental conservation. Such hands-on activities are invaluable in reinforcing the importance of sustainable practices and nurturing a sense of responsibility towards nature among students.

28th June 2024 – Play Motivational Videos

The students of the 1st Diploma received a much-needed boost of motivation on 28th June 2024 through a specially organized program aimed at enlightening them. The session featured inspirational videos and speeches that captivated the students' attention and left a lasting impression.

The enthusiasm among the students was palpable as they eagerly watched motivational speeches delivered by esteemed figures such as Sari Garu and Ambika Garu. Their speeches resonated deeply with the students, who expressed genuine happiness and appreciation for the opportunity to hear from such renowned speakers.

This event is poised to create a significant impact, potentially leading to a paradigm shift in the students' outlook and motivation levels. The exposure to powerful messages and insights shared by the speakers is expected to inspire and empower the students as they navigate their academic and personal journeys. Following the conclusion of the program, there was a noticeable surge in confidence levels among the students. This transformation underscores the effectiveness of motivational programs in not only boosting morale but also instilling a sense of belief and determination in one's abilities.

Overall, the program was not just an event but a catalyst for positive change and personal growth among the students of the 1st Diploma. It provided them with invaluable experiences and perspectives that will undoubtedly shape their future endeavors positively.
